JURISDICTION OF THE COMMITTEE ON COMMERCE, SCIENCE, AND TRANSPORTATION

Extract from Rule XXV of the Standing Rules of the Senate

1. The following standing committees shall be appointed at the commencement of each Congress, and shall continue and have the power to act until their successors are appointed, with leave to report by bill or otherwise on matters within their respective jurisdictions:

(f) (1) **Committee on Commerce, Science, and Transportation**[1], to which committee shall be referred all proposed legislation, messages, petitions, memorials, and other matters relating to the following subjects:

1. Coast Guard.
2. Coastal zone management.
3. Communications.
4. Highway safety.
5. Inland waterways, except construction.[2]
6. Interstate commerce.
7. Marine and ocean navigation, safety, and transportation, including navigational aspects of deepwater ports.
8. Marine fisheries.
9. Merchant marine and navigation.
10. Nonmilitary aeronautical and space sciences.[3]
11. Oceans, weather, and atmospheric activities.
12. Panama Canal and interoceanic canals generally, except as provided in subparagraph (c)[4].
13. Regulation of consumer products and services, including testing related to toxic substances, other than pesticides, and except for credit, financial services, and housing.
14. Regulation of interstate common carriers, including railroads, buses, trucks, vessels, pipelines, and civil aviation.
15. Science, engineering, and technology research and development and policy.
16. Sports.
17. Standards and measurement.
18. Transportation.[2]
19. Transportation and commerce aspects of Outer Continental Shelf lands.

(2) Such committee shall also study and review, on a comprehensive basis, all matters relating to science and technology, oceans policy, transportation, communications, and consumer affairs, and report thereon from time to time.

---

[1] Formerly the Committee on Commerce, name changed effective February 11, 1977. In accordance with the provisions of Rule XXV of the Standing Rules of the Senate, as amended by S.Res. 362, agreed to January 27, 1978, the membership of the Committee on Commerce, Science and Transportation consists of seventeen Senators.

[2] See also the jurisdiction of the Committee on Environment and Public Works, with respect to construction and maintenance of waterways and highways.

[3] See also the jurisdiction of the Committee on Armed Services with respect to aeronautical and space activities peculiar to or primarily associated with the development of weapon systems or military operations.

[4] Paragraph (c) confers jurisdiction upon the Committee on Armed Services for matters relating to "Maintenance and operation of the Panama Canal, including administration, sanitation, and government of the Canal Zone."

RULES OF THE COMMITTEE ON COMMERCE, SCIENCE, AND TRANSPORTATION[1]

I. MEETINGS OF THE COMMITTEE

1. The regular meeting dates of the Committee shall be the first and third Tuesdays of each month. Additional meetings may be called by the Chairman as he may deem necessary or pursuant to the provisions of paragraph 3 of rule XXVI of the Standing rules of the Senate.

2. Meetings of the Committee, or any subcommittee, including meetings to conduct hearings, shall be open to the public, except that a meeting or series of meetings by the Committee, or any subcommittee, on the same subject for a period of no more than 14 calendar days may be closed to the public on a motion made and seconded to go into closed session to discuss only whether the matters enumerated in subparagraphs (A) through (F) would require the meeting to be closed followed immediately by a record vote in open session by a majority of the members of the Committee, or any subcommittee, when it is determined that the matters to be discussed or the testimony to be taken at such meeting or meetings —

   (A) will disclose matters necessary to be kept secret in the interests of national defense or the confidential conduct of the foreign relations of the United States;

   (B) will relate solely to matters of Committee staff personnel or internal staff management or procedure;

   (C) will tend to charge an individual with crime or misconduct, to disgrace or injure the professional standing of an individual, or otherwise to expose an individual to public contempt or obloquy, or will represent a clearly unwarranted invasion of the privacy of an individual;

   (D) will disclose the identity of any informer or law enforcement agent or will disclose any information relating to the investigation or prosecution of a criminal offense that is required to be kept secret in the interests of effective law enforcement;

   (E) will disclose information relating to the trade secrets of financial or commercial information pertaining specifically to a given person if--

      (1) an Act of Congress requires the information to be kept confidential by Government officers and employees; or

      (2) the information has been obtained by the Government on a confidential basis, other than through an application by such person for a specific Government financial or other benefit, and is required to be kept secret in order to prevent undue injury to the competitive position of such person; or

   (F) may divulge matters required to be kept confidential under other provisions of law or Government regulations.

3. Each witness who is to appear before the Committee or any subcommittee shall file with the Committee, at least 24 hours in advance of the hearing, a written statement of his testimony in as many copies as the Chairman of the Committee or Subcommittee prescribes.

4. Field hearings of the full Committee, and any subcommittee thereof, shall be scheduled only when authorized by the Chairman and ranking minority member of the full Committee.

---

[1] Adopted by the Committee of Commerce, Science, and Transportation on March 8, 1985. Printed in the Congressional record on March 14, 1985 *(S2997)*, pursuant to Senate Rule XXVI.

II. QUORUMS

1. Nine members shall constitute a quorum for official action of the Committee when reporting a bill or nomination; provided that proxies shall not be counted in making a quorum.

2. Six members shall constitute a quorum for the transaction of all business as may be considered by the Committee, except for the reporting of a bill or nomination; provided that proxies shall not be counted in making a quorum.

3. For the purpose of taking sworn testimony a quorum of the Committee and each subcommittee thereof, now or hereafter appointed, shall consist of one Senator.

III. PROXIES

When a record vote is taken in the Committee on any bill, resolution, amendment, or any other question, a majority of the members being present, a member who is unable to attend the meeting may submit his vote by proxy, in writing or by telephone, or through personal instructions.

IV. BROADCASTING OF HEARINGS

Public hearings of the full Committee, or any subcommittee thereof, shall be televised or broadcast only when authorized by the Chairman and the ranking minority member of the full Committee.

V. SUBCOMMITTEES

1. Any member of the Committee may sit with any subcommittee during its hearings or any other meeting but shall not have the authority to vote on any matter before the subcommittee unless he is a Member of such subcommittee.

2. Subcommittees shall be considered *de novo* whenever there is a change in the chairmanship, and seniority on the particular subcommittee shall not necessarily apply.

PROVISIONS RELATING TO AUTHORITY AND PROCEDURE OF COMMITTEES OF THE SENATE

Rule XXVI of the Standing Rules of the Senate

Committee Procedure

1. Each standing committee of the Senate, including any subcommittee of any such committee, is authorized to hold such hearings, to sit and act at such times and places during the sessions, recesses, and adjourned periods of the Senate, to require by subpoena or otherwise the attendance of such witnesses and the production of such correspondence, books, papers, and documents, to take such testimony and to make such expenditures (not in excess of $10,000 for each committee during any Congress) as it deems advisable. Each such committee may make investigations into any matter within its jurisdiction, may report such hearings as may be had by it, and may employ stenographic assistance at a cost not exceeding the amount prescribed by the committee on Rules and Administration. The expenses of the committee shall be paid from the contingent fund of the Senate upon vouchers approved by the chairman.

2. Each committee shall adopt rules (not inconsistent with the rules of the Senate) governing the procedure of such committee. The rules of each committee shall be published in the Congressional Record not later than March 1 of each year, except that if any such committee is established on or after February 1 of a year, the rules of that committee during the year of establishment shall be published in the Congressional Record not later than 60 days after such establishment. An amendment to the rules of any such committee shall be published in the Congressional Record not later than 30 days after the adoption of such amendment. If the Congressional Record is not published on the last day of any period referred to above, such period shall be extended until the first day thereafter on which it is published.

3. Each standing committee (except the Committee on Appropriations) shall fix regular weekly, biweekly, or monthly meeting days for the transaction of business before the committee, and additional meetings may be called by the chairman as he may deem necessary. If at least 3 members of any such committee desire that a special meeting of the committee be called by the chairman, those members may file in the offices of the committee their written request to the chairman for that special meeting. Immediately upon the filing of the request, the clerk of the committee shall notify the chairman of the filing of the request. If, within 3 calendar days after the filing of the request, the chairman does not call the requested special meeting, to be held within 7 calendar days after the filing of the request, a majority of the members of the committee may file in the offices of the committee their written notice, that a special meeting of the committee will be held, specifying the date and hour of that special meeting. The committee shall meet at that date and hour.

   Immediately upon the filing of the notice, the clerk of the committee shall notify all members of the committee that such special meeting will be held and inform them of its date and hour. If the chairman of any such committee is not present at any regular, additional, or special meeting of the committee, the ranking member of the majority party on the committee who is present shall preside at that meeting.

4. (a) Each committee (except the Committee on Appropriations and the Committee on the Budget.) shall make public announcement of the date, place, and subject matter of any hearing to be conducted by the committee on any measure or matter at least 1 week before the commencement of that hearing unless the committee determines that there is good cause to begin such hearing at an earlier date.

   (b) Each committee (except the Committee on Appropriations) shall require each witness who is to appear before the committee in any hearing to file with the clerk of the committee, at least 1 day before the date of the appearance of that witness, a written statement of his proposed testimony unless the committee chairman and the ranking minority member determine that there is good cause for noncompliance. If so requested by any committee, the staff of the committee shall prepare for the use of the members of the committee before each day of hearing before the committee a digest of the statements which have been so filed by witnesses who are to appear before the committee on that day.

   (c) After the conclusion of each day of hearings, if so requested by any committee, the staff shall prepare for the use of the members of the committee a summary of the testimony given before the committee on that day. After approval by the chairman and ranking minority member of the committee, each such summary may be printed as a part of the committee hearings if such hearings are ordered by the committee to be printed.

   (d) Whenever any hearing is conducted by a committee (except the Committee on Appropriations) upon any measure or matter the minority on the committee shall be entitled, upon request made by a majority of the minority members to the chairman before the completion of such hearing, to call witnesses selected by the minority to testify with respect to the measure or matter during at least one day of hearing thereon.

5. (a) Notwithstanding any other provision of the rules, when the Senate is in session, no committee of the Senate or any subcommittee thereof may meet, without special leave, after the conclusion of the first 2 hours after the meeting of the Senate commenced and in no case after 2 o'clock post-meridian unless consent therefor has been obtained from the majority leader and the minority leader (or in the event of the absence of either of such leaders, from his designee). The prohibition contained in the preceding sentence shall not apply to the Committee on Appropriations or the Committee on the Budget. The majority leader or his designee shall announce to the Senate whenever consent has been given under this subparagraph and shall state the time and place of such meeting. The right to make such announcement of consent shall have the same priority as the filing of a cloture motion.

(b) Each meeting of a committee, or any subcommittee, including meetings to conduct hearings, shall be open to the public, except that a meeting or series of meetings by a committee or a subcommittee thereof on the same subject for a period of no more than 14 calendar days may be closed to the public on a motion made and seconded to go into closed session to discuss only whether the matters enumerated in clauses (1) through (6) would require the meeting to be closed, followed immediately by a record vote in open session by a majority of the members of the committee or subcommittee when it is determined that the matters to be discussed or the testimony to be taken at such meeting or meetings —

(1) will disclose matters necessary to be kept secret in the interests of national defense or the confidential conduct of the foreign relations of the United States;

(2) will relate solely to matters of committee staff personnel or internal staff management or procedure;

(3) will tend to charge an individual with crime or misconduct, to disgrace or injure the professional standing of an individual, or otherwise to expose an individual to public contempt or obloquy, or will represent a clearly unwarranted invasion of the privacy of an individual;

(4) will disclose the identity of any informer or law enforcement agent or will disclose any information relating to the investigation or prosecution of a criminal offense that is required to be kept secret in the interests of effective law enforcement;

(5) will disclose information relating to the trade secrets of financial or commercial information pertaining specifically to a given person if —

(A) an Act of Congress requires the information to be kept confidential by Government officers and employees; or

(B) the information has been obtained by the Government on a confidential basis, other than through an application by such person for a specific Government financial or other benefit, and is required to be kept secret in order to prevent undue injury to the competitive position of such person; or

(6) may divulge matters required to be kept confidential under other provisions of law or Government regulations.

(c) Whenever any hearing conducted by any such committee or subcommittee is open to the public, that hearing may be broadcast by radio or television, or both, under such rules as the committee or subcommittee may adopt.

(d) Whenever disorder arises during a committee meeting that is open to the public, or any demonstration of approval or disapproval is indulged in by any person in attendance at any such meeting, it shall be the duty of the Chair to enforce order on his own initiative and without any point of order being made by a Senator. When the Chair finds it necessary to maintain order, he shall have the power to clear the room, and the committee may act in closed session for so long as there is doubt of the assurance of order.

(e) Each committee shall prepare and keep a complete transcript or electronic recording adequate to fully record the proceeding of each meeting or conference whether or not such meeting or any part therof is closed under this paragraph, unless a majority of its members vote to forgo such a record.

6. Morning meetings of committees and subcommittees thereof shall be scheduled for one or both of the periods prescribed in this paragraph. The first period shall end at 11 o'clock antemeridian. The second period shall begin at 11 o'clock antemeridian and end at 2 o'clock postmeridian.

7. (a) (1) Except as provided in this paragraph, each committee, and each subcommittee thereof is authorized to fix the number of its members (but not less than one-third of its entire membership) who shall constitute a quorum thereof for the transaction of such business as may be considered by said committee, except that no measure or matter or recommendation shall be reported from any committee unless a majority of the committee were physically present.

(2) Each such committee, or subcommittee, is authorized to fix a lesser number than one-third of its entire membership who shall constitute a quorum thereof for the purpose of taking sworn testimony.

(3) The vote of any committee to report a measure or matter shall require the concurrence of a majority of the members of the committee who are present. No vote of any member of any committee to report a measure or matter may be cast by proxy if rules adopted by such committee forbid the casting of votes for that purpose by proxy; however, proxies may not be voted when the absent committee member has not been informed of the matter on which he is being recorded and has not affirmatively requested that he be so recorded. Action by any committee in reporting any measure or matter in

accordance with the requirements of this subparagraph shall constitute the ratification by the committee of all action theretofore taken by the committee with respect to that measure or matter, including votes taken upon the measure or matter or any amendment thereto, and no point of order shall lie with respect to that measure or matter on the ground that such previous action with respect thereto by such committee was not taken in compliance with such requirements.

(b) Each committee (except the Committee on Appropriations) shall keep a complete record of all committee action. Such record shall include a record of the votes on any question on which a record vote is demanded. The results of rollcall votes taken in any meeting of any committee upon any measure, or any amendment thereto, shall be announced in the committee report on that measure unless previously announced by the committee, and such announcement shall include a tabulation of the votes cast in favor of and the votes cast in opposition to each such measure and amendment by each member of the committee who was present at that meeting.

(c) Whenever any committee by rollcall vote reports any measure or matter, the report of the committee upon such measure or matter shall include a tabulation of the votes cast by each member of the committee in favor of and in opposition to such measure or matter. Nothing contained in the subparagraph shall abrogate the power of any committee of the Senate to adopt rules —

(1) providing for proxy voting on all matters other than the reporting of a measure or matter, or

(2) providing in accordance with subparagraph (a) for a lesser number as a quorum for any action other than the reporting of a measure or matter.

8. (a) In order to assist the Senate in —

(1) its analysis, appraisal, and evaluation of the application, administration, and execution of the laws enacted by the Congress, and

(2) its formulation, consideration, and enactment of such modifications of or changes in those laws, and of such additional legislation, as may be necessary or appropriate, each standing committee (except the Committees on Appropriations and the Budget) shall review and study, on a continuing basis, the application, administration, and execution of those laws, or parts of laws, the subject matter of which is within the jurisdiction of that committee. Such committees may carry out the required analysis, appraisal, and evaluation themselves, or by contract, or may require a Government agency to do so and furnish a report thereon to the Senate. Such committees may rely on such techniques as pilot testing, analysis of costs in comparison with benefits, or provisions for evaluation after a defined period of time.

(b) In each odd-numbered year, each such committee shall submit, not later than March 31, to the Senate, a report on the activities of that committee under this paragraph during the Congress ending at noon on January 3 of such year.

9. Each committee which requires authorization for the expenditure of funds in excess of the amount specified in paragraph 1 of this rule shall offer one annual authorization resolution to procure such authorization. Each such annual authorization resolution shall include a specification of the amount of all such funds sought by such committee. The annual authorization resolution of any committee shall be offered not later than January 31 of that year, except that, whenever the designation of members of committees occurs during the first session of any Congress at a date later than January 20, such resolution may be offered at any time within 30 days after the date on which the members of such committees are designated. After the date on which an annual authorization resolution has been offered by any committee in any year, such committee in that year may procure authorization for additional expenditures only by offering a supplemental authorization resolution. Each such supplemental authorization resolution shall include a specification of the amount of all supplemental funds sought by that committee. Each such supplemental authorization resolution shall amend the annual authorization resolution of such committee for that year unless the committee offered no annual authorization resolution for that year, in which case the committee's supplemental authorization resolution shall not be an amendment to any other resolution and any subsequent supplemental authorization resolution of such committee for the same year shall amend the first such resolution offered by the committee for that year. Each such supplemental resolution reported by such committee shall be accompanied by a report to the Senate specifying with particularity the purpose for which such authorization is sought and the reason why such authorization could not have been sought at the time of, or within the period provided for, the submission by such committee of an annual authorization resolution for that year. This paragraph shall not apply to any resolution requesting funds in addition to the amount specified in paragraph 1 and which are to be expended only for the same purposes for which such amount may be expended. This subparagraph does not apply to the Committee on Appropriations.

10. (a) All committee hearings, records, data, charts, and files shall be kept separate and distinct from the congressional office records of the Member serving as chairman of the committee and such records shall be the property of the Senate and all members of the committee and the Senate shall have access to such records. Each committee is authorized to have printed and bound such testimony and other data presented at hearings held by the committee.

(b) It shall be the duty of the chairman of each committee of the Senate to report or cause to be reported promptly to the Senate any measure approved by his committee and to take or cause to be taken necessary steps to bring the matter to a vote. In any event, the report of any committee upon a measure which has been approved by the committee shall be filed within 7 calendar days (exclusive of days on which the Senate is not in session) after the day on which there has been filed with the clerk of the committee a written and signed request of a majority of the committee for the reporting of that measure. Upon the filing of any such request, the clerk of the committee shall transmit immediately to the chairman of the committee notice of the filing of that request. This subparagraph does not apply to the Committee on Appropriations.

(c) If, at the time of approval of a measure or a matter by any committee (except for the Committee on Appropriations), any member of the committee gives notice of intention to file supplemental, minority, or additional views, that member shall be entitled to not less than 3 calendar days in which to file such views in writing with the clerk of the committee. All such views so filed by one or more members of the committee shall be included within, and shall be a part of, the report filed by the committee with respect to that measure or matter. The report of the committee upon that measure or matter shall be printed in a single volume which —

(1) shall include all supplemental, minority, or additional views which have been submitted by the time of the filing of the report, and

(2) shall bear upon its cover a recital that supplemental, minority, or additional views are included as part of the report.

This subparagraph does not preclude —

(A) the immediate filing and printing of a committee report unless timely request for the opportunity to file supplemental, minority, or additional views has been made as provided by this subparagraph; or

(B) the filing by any such committee of any supplemental report upon any measure or matter which may be required for the correction of any technical error in a previous report made by that committee upon that measure or matter.

11. (a) The report accompanying each bill or joint resolution of a public character reported by any committee (except the Committee on Appropriations and the Committee on the Budget) shall contain —

(1) an estimate, made by such committee, of the costs which would be incurred in carrying out such bill or joint resolution in the fiscal year in which it is reported and in each of the five fiscal years following such fiscal year (or for the authorized duration of any program authorized by such bill or joint resolution, if less than five years), except that, in the case of measures affecting the revenues, such reports shall require only an estimate of the gain or loss in revenues for a one-year period; and

(2) a comparison of the estimate of costs described in subparagraph (1) made by such commitee with any estimate of costs made by any Federal agency; or

(3) in lieu of such estimate or comparison, or both, a statement of the reasons why compliance by the committee with the requirements of subparagraph (1) or (2), or both, is impracticable.

(b) each such report (except those by the Committee on Appropriations) shall also contain —

(1) an evaluation, made by such committee, of the regulatory impact which would be incurred in carrying out the bill or joint resolution. The evaluation shall include (A) an estimate of the numbers of individuals and businesses who would be regulated and a determination of the groups and classes of such individuals and businesses, (B) a determination of the economic impact of such regulation on the individuals, consumers and businesses affected, (C) a determination of the impact on the personal privacy of the individuals affected, and (D) a determination of the amount of additional paperwork that will result from the regulations to be promulgated pursuant to the bill or joint resolution, which determination may include, but need not be limited to, estimates of the amount of time and financial costs required of affected parties, showing whether the effects of the bill or joint resolution could be substantial, as well as reasonable estimates of the recordkeeping requirements that may be associated with the bill or joint resolution; or

(2) in lieu of such evalution, a statement of the reasons why compliance by the committee with the requirements of clause (1) is impracticable.

(c) It shall not be in order for the Senate to consider any such bill or joint resolution if the report of the committee on such bill or joint resolution does not comply with the provisions of subparagraphs (a) and (b) on the objection of any Senator.

12. Whenever a committee reports a bill or a joint resolution repealing or amending any statute or part therof it shall make a report thereon and shall include in such report or in an accompanying document (to be prepared by the staff of such committee) (a) the text of the statute or part thereof which is proposed to be repealed; and (b) a comparative print of that part of the bill or joint resolution making the amendment and of the statute or part thereof proposed to be amended, showing by stricken-through type and italics, parallel columns, or other appropriate typographical devices the omissions and insertions which would be made by the bill or joint resolution if enacted in the form recommended by the committee. This paragraph shall not apply to any such report in which it is stated that,

in the opinion of the committee, it is necessary to dispense with the requirements of this subsection to expedite the business of the Senate.

13. (a) Each committee (except the Committee on Appropriations) which has legislative jurisdiction shall in its consideration of all bills and joint resolutions of a public character within its jurisdiciton, endeavor to insure that —

(1) all continuing programs of the Federal Government and of the government of the District of Columbia, within the jurisdiction of such committee or joint committee, are designed; and

(2) all continuing activities of Federal agencies, within the jurisdiction of such committee or joint committee, are carried on;

so that, to the extent consistent with the nature, requirements and objectives of those programs and activities, appropriations therefor will be made annually.

(b) Each committee (except the Committee on Appropriations) shall with respect to any continuing program within its jurisdiction for which appropriations are not made annually, review such program, from time to time, in order to ascertain whether such program could be modified so that appropriations therefor would be made annually.

TABLE OF PUBLIC LAWS

Public Law 99-5 (H.R. 1093) **March 15, 1985**

A bill to give effect to the Treaty Between the Government of the United States of America and the Government of Canada Concerning Pacific Salmon, signed at Ottawa, January 28, 1985.

Digest: *Pacific Salmon Treaty Act of 1985* — Provides for the appointment of 4 U.S. Commissioners to the Pacific Salmon Commission established by the Pacific Salmon Treaty between the United States and Canada (the Treaty). Provides for the appointment of U.S. Panel members to the Southern, Northern, and Fraser River Panels established by the Treaty. Sets forth the voting requirements for U.S. Commissioners and members of the various Panels.

Authorizes the Secretary of State (the Secretary) to: (1) receive and transmit communications of and to the Commission and Panels; (2) in consultation with the Secretary of the Interior, approve, disapprove, object to, or withdraw objections to fishery regimes and Fraser River Panel regulations proposed in accordance with the Treaty; and (3) act upon or refer to other appropriate authority any other communications of and to the Commission and Panels.

Authorizes the Secretary to: (1) arrange for cooperation in carrying out the Treaty with U.S. agencies, the States, treaty Indian tribes, private institutions and organizations; and (2) execute memoranda to reflect such agreements. Authorizes U.S. agencies to cooperate in scientific and other programs to assist the Commission and Panels in carrying out their responsibilities under the Treaty.

Provides for the preemption of State or treaty Indian tribe actions if such actions place the United States in jeopardy of not fulfilling its international obligations under the Treaty.

Sets forth the procedures for promulgating regulations to carry out the U.S. international obligations under the Treaty.

Makes it unlawful for any person or vessel subject to U.S. jurisdiction to (1) violate this act, or any regulation adopted under this act, or any Fraser River Panel regulation approved by the United States under the Treaty; (2) refuse to permit an authorized search or inspection of a fishing vessel under such person's control; (3) interfere with an authorized officer in the conduct of such a search or inspection; (4) resist a lawful arrest for any act prohibited by this act; (5) ship, transport, offer for sale, sell, purchase, import, export, or have custody of any fish taken and retained in violation of this act; or (6) interfere with the apprehension or arrest of another person knowing such person has violated this act. Sets forth penalties for such violations.

Sets forth as the general standard for U.S. actions with respect to the Treaty that the U.S. actions shall: (1) consider the best scientific information available; (2) result in measures necessary and appropriate for the conservation and use of the Pacific salmon; and (3) be consistent with U.S. obligations under the Treaty, domestic Indian treaties, and other applicable law.

Requires the U.S. Commissioners and Panel members to appoint an advisory committee.

Sets forth general administrative provisions.

Authorizes appropriations.

Repeals the Sockeye Salmon or Pink Salmon Fishing Act of July 29, 1947, as amended. Directs the Secretary to dispose of any U.S. property held by the International Pacific Salmon Fisheries Commission.

Limits spending authority under this act to amounts provided in advance in appropriation acts.

Public Law 99-36 (S. 597) **May 15, 1985**

Digest: Designates the air traffic control tower at the Medford-Jackson County (Oregon) Airport as the "George Milligan Control Tower."

Public Law 99-59 (S. 413) July 3, 1985

A bill to extend the provisions of title XII of the Merchant Marine Act, 1936, relating to war risk insurance.

Digest: Amends the Merchant Marine Act, 1936 to extend from September 30, 1984 to June 30, 1990, the authority of the Secretary of Commerce to provide war risk insurance and reinsurance.

Public Law 99-62 (H.R. 2800) July 11, 1985

A bill to provide authorization of appropriations for activities under the Land Remote-Sensing Commercialization Act of 1984.

Digest: Amends the Land Remote-Sensing Commercialization Act of 1984 to authorize appropriations to carry out such act for fiscal year 1985 through 1989. Limits the amount of such funds which shall be available for fiscal years 1985 and 1986.

Public Law 99-73 (H.R. 1617) July 29, 1985

A bill to authorize appropriations to the Secretary of Commerce for the programs of the National Bureau of Standards for fiscal years 1986 and 1987, and for other purposes.

Digest: *National Bureau of Standards Authorization Act for Fiscal Year 1986* — Authorizes appropriations for fiscal year 1986 to the Secretary of Commerce for the following activities performed by the National Bureau of Standards (the Bureau): (1) measurement research and standards; (2) materials science and engineering; (3) engineering measurements and standards; (4) computer science and technology; (5) center for Fire Research; (6) technical competence fund; and (7) central technical support.

Reserves specified minimum amounts from the total amount of such authorized appropriations for: (1) steel technology; (2) the center for Building Technology; (3) the creation and maintenance of data bases on structural failures; and (4) transfer to the Working Capital Fund.

Authorizes funds to be transferred among the specified line items, but requires that notification and explanation of any such proposed transfer to or from a line item which exceeds ten percent of the amount authorized for that line item first be given to specified congressional officers and to the appropriate authorizing committees of Congress. Prohibits any such transfer from having the effect of reducing the applicable minimum amounts specified for certain purposes. Prohibits any of such transferred funds from being used for the construction of the Cold Neutron Source Facility.

Directs the Bureau to seek reimbursement of a specified minimum amount from other Federal agencies to expand its efforts in support of basic scientific research on the atmospheric, climatic, and environmental consequences of nuclear explosions and nuclear exchanges.

Authorizes additional appropriations to the Secretary for fiscal year 1986 for the Bureau's: (1) expenses incurred outside the United States (to be paid for in excess foreign currency); and (2) adjustments in salary, pay, retirement, and other employee benefits.

Requires that sufficient income from the Working Capital Fund remain outside the general fund of the Treasury to ensure the availability of working capital necessary to replace equipment and inventories of the Bureau. Requires that fees for specified services provided by the Bureau be at least sufficient to meet these and specified other capital requirements.

Provides that the Director of the Bureau shall be compensated at the rate for level IV of the Executive Schedule.

Authorizes the Bureau, on its own initiative but only after consultation with local authorities, to investigate structural failures in structures used or occupied by the general public. Prohibits any part of any report resulting from such investigation from being admitted as evidence or used in any suit or action for damages arising out of any matter mentioned in such report.

Establishes a goal of 20 positions for the Senior Scientists Program at the Bureau.

Authorizes appropriations for fiscal year 1986 to the Secretary for the activities of the Office of Productivity, Technology, and Innovation.

Authorizes additional appropriations for fiscal year 1986 to the Secretary for the National Technical Information Service's patent licensing activities.

Provides that appropriations made under the authority provided in this act shall remain available for periods specified in the acts making such appropriations.

Requires the Director of the Bureau, within 90 days after enactment of this act, to: (1) review those recommendations of the President's Private Sector Survey on Cost Control and such other recommendations as may be included in a specified report of the Office of Management and the Budget; and (2) report to specified congressional officers and to the appropriate congressional committees on the implementation status of each such recommendation which affects the Bureau and is within the authority and control of the Director.

Public Law 99-97 (S. 818) September 26, 1985

A bill to authorize appropriations for activities under the Federal Fire Prevention and Control Act of 1974.

Digest: Amends the Federal Fire Prevention and Control Act of 1974 to authorize appropriations for fiscal year 1986.

Public Law 99-105 (S. 817) **September 30, 1985**

A bill to authorize appropriations under the Earthquake Hazards Reduction Act of 1977 for fiscal years 1986 and 1987, and for other purposes.

Digest: Amends the Earthquake Hazards Reduction Act of 1977 to authorize appropriations through fiscal year 1987 for the following programs: (1) the national earthquake hazards reduction program; (2) geological surveys; (3) earthquake-related activities of the National Science Foundation; and (4) earthquake-related activities of the National Bureau of Standards. Requires the Director of the Federal Emergency Management Agency to maintain a written plan for the earthquake hazards reduction program and to submit such plan to the Congress. Declares that such plans shall be updated at least every three years. Requires the Director, in cooperation with the United States Geological Survey, the National Science Foundation, and the National Bureau of Standards, to make an annual representation to the appropriate committee of the Congress, of any events and programmatic requirements deemed significant by the national earthquakes and hazards reduction program.

Public Law 99-159 (H.R. 1210) **November 22, 1985**

A bill to authorize appropriations to the National Science Foundation for fiscal years 1986 and 1987, and for related purposes.

Digest: *National Science, Engineering, and Mathematics Authorization Act of 1986* — Title I: *National Science Foundation Authorization — National Science Foundation authorization act for fiscal year 1986* — Authorizes appropriations to the National Science Foundation (NSF) for fiscal year 1986.

Provides that such funds authorized for fiscal year 1986 will be available for the following categories: (1) advanced scientific computing; (2) astronomical, atmospheric, earth, and ocean sciences; (3) biological, behavioral, and social sciences; (4) engineering; (5) mathematical and physical sciences; (6) scientific, technological, and international affairs; (7) program development and management; (8) U.S. Antarctic program; and (9) science and engineering education.

Reserves at least $1,000,000 of such appropriations to NSF for the ethics and values in science and technology program. Directs the NSF to report by December 30, 1986, to specified congressional committees on the distribution of such reserved funds for such program.

Reserves at least $3,000,000 of such appropriations to NSF for the Policy Research and Analysis program.

Requires that emphasis be placed on basic scientific research on the phenomena that contribute to acid rain, in the obligation, use, and expenditure of such funds for biotic systems and resources (under funds for biological, behavioral, and social sciences) and for atmospheric sciences (under funds for astronomical, atmospheric, earth, and ocean sciences).

Prohibits funds under this act from being expended toward closure of a National facility without appropriate scientific review, including review by NSF's appropriate advisory committee or committees and the National Science Board.

Limits the amounts from appropriations authorized under this act which may be used for: (1) consultation, representation, or other extraordinary expenses; and (2) expenses incurred outside the United States.

Permits transfers of funds among categories as long as such transfers do not exceed ten percent of authorized amounts. Permits transfers in excess of ten percent if: (1) the Director of NSF submits a written explanation of the proposed transfer to specified congressional officers and committees; and (2) 30 calendar days have passed after such submission.

Authorizes NSF to design, establish, and maintain a date collection and analysis capability to identify and assess the research needs of universities. Requires documentation of the needs of universities, by major field of science and engineering, for construction and modernization of research laboratories, including fixed equipment and major research equipment. Requires collection and analysis of university expenditures for construction and moderization of research facilities, the sources of funds, and other appropriate dates. Directs NSF, in conjunction with appropriate Federal agencies, to conduct the necessary surveys every two years and report the results to the Congress. Requires that the first report be submitted to Congress by September 1, 1986.

Amends the National Science Foundation Act of 1950 to delete certain provisions relating to notification of meetings to members of the National Science Board (the Board).

Provides that the Director of the NSF may make contracts, grants, and other arrangements only with the prior approval of the Board or under authority delegated by the Board and subject to such conditions as the Board may impose (thus removing the Director's current authority to make grants, contracts, or arrangements involving specified limited amounts under certain conditions without the Board's approval). Provides that any such delegation of authority or imposition of conditions shall be: (1) effective only for such period of time, not exceeding two years, as the Board may specify; and (2) promptly published in the Federal Register and reported to the appropriate authorizing committees of the Congress. Directs the Board to submit, on October 1 of each odd-numbered year, to the Congress a concise report which explains and justifies any such delegation of authority or imposition of conditions within the preceding two years.

Removes a prohibition against NSF officers or employees acquiring, retaining, or transferring patent rights on inventions which they may make or produce in connection with performing their assigned activities and which are directly related to the subject matter thereof.

Revises provisions for special commissions to provide that special commissions: (1) shall consist of such members as the Board considers appropriate; and (2) may be established to study and make recommendations to NSF on issues relating to research and education in science and engineering.

Removes certain prohibitions against outside employment and activities by the Director, the Deputy Director, or any Assistant Director of NSF and against their holding any office in or acting in any capacity for any organization with which NSF makes any grant, contract, or other arrangement.

Prohibits disclosure to the public of: (1) specified information supplied to NSF or to an NSF contractor by an industrial or commercial organization, unless such information has been transformed into statistical or aggregate formats that do not allow the identification of the supplier; and (2) the names of organizations supplying such information.

Repeals specified provisions of the National Science Foundation Authorization Act, Fiscal Year 1978 which require financial or other conflict of interest disclosure statements by NSF officials and employees.

Amends the National Science Foundation Authorization, 1976 to remove a limitation on the monetary amount and the duration of the grant included in the Alan T. Waterman Award. Provides that the Board will periodically establish the amounts and terms of such grants.

Repeals provisions of the National Science Foundation Authorization Act, Fiscal Year 1978, which require establishment of a Resource Center for Science and Engineering at an educational institution enrolling a substantial number of minority and/or low-income students.

Amends the National Science Foundation Authorization Act for Fiscal Year 1980 to require the National Science Board (as well as the Director of NSF) to keep specified congressional committees fully and currently informed with respect to all NSF activities.

Amends the National Science Foundation Act of 1950, the National Science Foundation Authorization Act, 1976, and the National Science Foundation Authorization and Science Technology Equal Opportunities Act to revise provisions for NSF functions relating to engineering research and education. Replaces specified references to "technology" with references to "engineering."

Requires the Director of NSF, within 90 days after enactment of this act, to: (1) review the recommendations of the President's Private Sector Survey of Cost Control and recommendations included in a specified report of the Office of Management and Budget; and (2) report to specified congressional officers and committees on the implementation status of each such recommendation which affects NSF and is within the Director's authority and control.

Title II: *Education for Economic Security Reauthorization — Part A: National Science Foundation Science and Engineering Education* — Amends the Education for Economic Security Act (EESA) to retitle its title I (National Science Foundation Mathematics and Science Programs) as "National Science Foundation Science and Engineering Education."

Sets forth a congressional declaration of policy with regard to the science and engineering education responsibilities of NSF. Sets forth certain functional objectives which the NSF must have in carrying out such responsibilities. Requires that funds under title I of EESA, consistent with such functional objectives, be used for (1) enhancing public understanding of science and engineering through a variety of informal education activities; (2) developing new science and engineering faculty resources and talents; (3) enhancing the quality of science and engineering instruction in teacher education colleges; (4) developing four-year college faculty and instructors in high technology fields; (5) developing two-year community college faculty and instructors especially in high technology fields; (6) developing precollege mathematics, science and engineering education and training; (7) encouraging potential students, including underrepresented and underserved populations, to pursue careers in mathematics, science, engineering, and critical foreign languages; (8) developing instructional instrumentation and sytems for postsecondary technical, engineering and scientific education; and (9) developing science, engineering, and education networks for disseminating curricula, methods, and materials.

Revises provisions for teacher institutes under title I of EESA. Directs the NSF to make competitive grants for such teacher institutes to institutions of higher education, businesses, nonprofit private organizations (including schools), local education agencies, professional engineering and scientific associations, museums, libraries, public broadcasting entities, and appropriate State agencies. Provides that such grants shall support institutes and workshops for supervisors and teachers in public and private elementary and secondary schools to improve such teachers' subject knowledge and teaching skills in mathematics and science.

Revises provisions relating to distribution of such teacher institute assistance. Provides that proposals which exceed $300,000 in any fiscal year and which incorporate the services of more than two entities in the design and operation of the institute may be funded at the discretion of the NSF Director.

Directs the NSF, in making grants under title I of EESA, to require assurances that: (1) local educational agencies will be involved in the institute planning and development in the case of applications submitted by other eligible applicants; or (2) one or more such other applicants will be involved in the institute planning and development in the case of applications submitted by State or local education agencies.

Revises provisions for mathematics and science education development programs. Authorizes the NSF to award competitive grants for: (1) instructional curriculum improvement and faculty development in mathematics, science, and engineering; (2) programs designed to enhance public understanding of mathematics, science, and engineering, including the use of public broadcasting entities; and (3) research on methods of instruction and education programs in mathematics, science, engineering, and critical foreign languages. Provides that such research may include: (1) teaching and learning research and its application to local and private sector instructional materials development and to teacher training programs; (2) research on the use of local and informal science education activities; (3) research on recruitment, retention, and improvement of mathematics, science, engineering, and critical language faculties; and (4) analysis of materials and methods for mathematics, science, and engineering education used in other countries and their potential application in the United States.

Directs the NSF to determine a minimum percentage for the matching amount which must be provided by recipients of such grants for materials development and methods research. Provides that such grants may be made to types of entities similar to those entities eligible for teacher institute grants, with similar application requirements for involvement of other eligible entities.

Authorizes the NSF to establish and carry out a new EESA program of graduate fellowships to encourage and assist promising students to continue their education and research in science, mathematics, and engineering.

Authorizes the NSF to expend up to 15 percent of the funds available for science and engineering education for applications which the NSF determines will meet one or more of the functional objectives described under title I of EESA. Provides that such programs may include a program for the exchange of mathematics, science, or engineering faculty between institutions of higher education (particularly those having nationally recognized research facilities) and eligible institutions (which are institutions with certain educational commitments to minority or economically or educationally disadvantaged students).

Directs the NSF to develop a five-year strategic plan for science and engineering education, to be up-dated on an annual basis and submitted to specified congressional committees by November 30 of each year.

Directs the NSF to: (1) adopt approval procedures designed to assure that awards are made on the basis of the scientific and educational merit as determined by the peer review process; and (2) assure, to the maximum extent possible, an equitable distribution of resources with respect to institutions and geographical areas.

Provides that funds to carry out title I of EESA for any fiscal year shall be made available from amounts appropriated pursuant to annual authorizations of appropriations for the NSF for science and engineering education. Provides that for fiscal year 1986 such funds shall be available from amounts authorized to be appropriated to NSF for science and engineering education under this act.

Part B: Education for Economic Security — Amends EESA to extend through fiscal year 1988 the authorization of appropriations for the Education for Economic Security (EES) program under which the Secretary of Education makes both grants to States and discretionary grants to strengthen teacher skills and instruction in mathematics, science, computer learning, and foreign languages. Revises formulas under such grants program for State allotments, allotments to schools operated for Indian children by the Department of the Interior, and allotments to specified U.S. territories and possessions.

Allows local educational agencies (LEAs) to use such program funds to: (1) support teacher training in mathematics and science, as well as in-service training and retraining; and (2) if an LEA has already met its need for such training and retraining in mathematics and science, support such training and retraining in computer learning and foreign languages, and acquire mathematics and science instructional materials and equipment.

Allows State educational agencies (SEAs), for purposes of distributing 50 percent of such EES program funds to LEAs, to calculate the relative enrollment in public and private nonprofit schools within the school district of such LEAs on the basis of the total number of children enrolled in public schools and in either: (1) private nonprofit schools; or (2) private nonprofit schools desiring that their children and teachers participate in the EES program.

Declares that LEA officials are still responsible for annually contacting private nonprofit school officials to determine whether such schools desire that their children and teachers participate in the EES program.

Includes retraining or inservice training in the teaching of foreign languages among authorized uses of certain EES higher education funds. Includes cooperative projects to improve student understanding and performance in computer learning among other authorized uses of such funds.

Requires that State preliminary assessments of certain educational needs be available to all LEAs. Requires the Secretary to submit to the Congress a summary report of the final version of State assessments under the EES program.

Specifies that provisions for EES program participation by children and teachers from private schools refer to nonprofit private schools.

Authorizes the Secretary, with specified amounts reserved by the Secretary, to carry out directly, or through grants, cooperative agreements, or contracts, projects authorized under the Secretary's discretionary fund for programs of national significance. Includes cooperative agreements with, as well as grants to, certain entities for specified educational purposes, among the required uses to which the Secretary must put 75 percent of such funds.

Part C: Partnerships in Education for Mathematics, Science, and Engineering — Authorizes appropriations for fiscal years 1986 through 1988 to carry out the program for Partnerships in Education for Mathematics, Science, and Engineering under EESA. Transfers the administration of such program from the NSF to the Department of Education.

Part D: Presidential Awards — Reserves not more than $1,000,000 from amounts authorized under title I of this act for the category of science and engineering for fiscal year 1986 for the program of Presidential Awards for Teaching Excellence in Mathematics and Science under EESA. Provides that, for subsequent fiscal years, funds to carry out such program shall be made available from amounts appropriated pursuant to annual authorizations of appropriations for the NSF for science and enginering education.

Part E: Excellence in Education — Extends through fiscal year 1988 the authorization of appropriations for the Excellence in Education program under EESA.

Part F: Magnet Schools Assistance — Amends title VII (Magnet School Assistance) of EESA to extend through fiscal year 1988 the authorization of appropriations to carry out such title.

Revises the statement of purpose of such magnet school assistance to emphasize support, through financial assistance to eligible LEAs, for: (1) the elimination, reduction, or prevention of minority group isolation in elementary and secondary schools with substantial portions of minority students; and (2) courses of instruction within magnet schools that will substantially strengthen the knowledge of academic subjects and the grasp of tangible and marketable vocational skills of students attending such schools.

Revises provisions for uses of funds for such magnet school assistance. Permits magnet school assistance grants to be used by eligible LEAs for: (1) planning and promotional activities directly related to expansion and enhancement of academic programs and services offered at magnet schools; (2) acquisition of books, materials, and equipment (including computers and computer operation and maintenance) necessary to conduct programs in magnet schools; and (3) paying or subsidizing compensation for teachers necessary to conduct programs in magnet schools. Requires, with respect to clauses (2) and (3), such assistance to be directly related to improving the knowledge of mathematics, science, history, English, foreign languages, art, or music, or to improving vocational skills.

Modifies prohibitions against certain uses of magnet school assistance grants to eliminate a reference to secular humanism.

Title III: *Library Services Program* — Amends the Library Services and Construction Act (the act) to revise the definitions of "long-range program" and "Indian tribe."

Makes specified requirements for maintenance of funding levels for public library systems applicable to Hawaiian native programs.

Provides that, for purposes of basic State plan requirements under the act, "limited English-speaking proficiency" shall be determined according to its definition under the Bilingual Education Act.

Specifies that certain references under provisions relating to administrative costs are to titles I, II, and III of the act.

Excludes the amount made available for Indian tribes and Hawaiian natives from certain determinations for purposes of reservation of portions of State allotments for major urban resource libraries.

Makes inapplicable in the case of Indian tribes and Indians in California, Oklahoma, and Alaska any provision of title IV (Library Services for Indian Tribes) of the act which require that services be provided on or near Indian reservations, or to only those Indians who live on or near Indian reservations.

Title IV: *Minority Institutions; Migratory Children Program* — Amends the General Education Provision Act to authorize appropriations for the Minority Institutions Science Improvement Program for FY 1985 and 1986.

Amends the Elementary and Secondary Education Act of 1965 to eliminate the authority of the Secretary of Education to make grants to (but continues the Secretary's authority to enter into contracts with) SEAs to operate migratory children student records system for the transfer of such records among SEAs and LEAs. Directs the Secretary, in order to ensure continuity in the operation of such a system, to continue to award, by July 1 of each year, such a contract to the SEA receiving the award in the preceding year, unless a majority of the States notify the Secretary in writing that such SEA has substantially failed to perform its responsibilities under the contract during that preceding year. Provides that no activity under such provisions for a migratory children student records system (and for other coordination of migrant education programs) shall, for purposes of any Federal law, be treated as an information collection that is conduced or sponsored by a Federal agency.

Title V: *Harry S. Truman Memorial Scholarship Program* — Amends the Harry S. Truman Memorial Scholarship Act to raise the dollar limitation on stipends paid under such act.

Title VI: *Education of the Handicapped Act* — Amends the Education of the Handicapped Act to raise the maximum amount for certain administrative costs which a State may take from its entitlement under the grant program of assistance for education of all handicapped children. Makes technical amendments.

Title VII: *Carl D. Perkins Vocational Education Act Technical Amendments* — Amends the Carl D. Perkins Vocational Education Act (the Act, for purposes of this title) to repeal a provision which excludes specified U.S. territories and possessions from certain "hold-harmless" requirements relating to minimum and maximum allotments.

Revises provisions relating to the portion of funds which a State reserves for administrative costs. Provides that the formula for determining the amount of such reservation applies to the entire State allotment, (rather than to that portion available for statewide activities), but also that such reserved amount shall be considered as part of that portion of the allotment that is retained for State activities and not distributed under specified provisions.

Revises provisions relating to State councils on vocational education. Specifies that certifications of such council's etablishment and membership are to be made by the States to the Secretary of Education. Extends the deadline for such certification to the beginning of each State plan period. (Current law sets deadline at 90 days prior to the beginning of such period.) Requires each State council to meet with the State board of vocational education or its representatives during the planning period to advise on the development of the subsequent State plan. Requires that specified other functions and duties of the State council be carried out during such planning period.

Directs the Secretary of Education to make grants in specified amounts to the State councils of vocational education of specified U.S. territories and possesions, from amounts authorized to be appropriated for State councils of vocational education.

Revises provisions relating to State plans to specify that a required State evaluation will focus on the vocational education projects, services, and activities of at least 20 percent of the eligible recipients.

Revises a within-State allocation requirement of State board assurances concerning the proportion of limited-English-proficiency individuals served by eligible recipients for vocational education services and activities. Requires that such proportion be at least the same as the number of such individuals enrolled by the recipient in the preceding fiscal year bears to the total number of disadvantaged individuals, including such limited-English-proficiency individuals, in that preceding fiscal year.

Revises provisions relating to consumer and homemaking education. Limits the portion of funds for such purpose which may be used for State administration of projects, services, and activities under such provisions.

Revises provisions for the Federal share under the Act. Provides that the formula for determining the Federal share shall be used to determine a maximum limit on such share, rather than the exact required amount of such share. Allows the non-Federal contribution from local resources to be in cash or in kind, fairly valued, including facilities, overhead, personnel, equipment, and services, if the eligible recipient determines that it cannot otherwise provide such contribution.

Title VIII: *Higher Education Programs* — Amends the student Financial Assistance Technical Amendments of 1982 to direct the Secretary of Education to apportion fiscal year 1986 appropriations for the National Direct Student Loan Program under the Higher Education Act of 1965 so that each State's fiscal year 1986 apportionment bears the same ratio to the total fiscal year 1986 appropriations as that State's fiscal year 1980 apportionment bore to the total fiscal year 1980 appropriations, if the fiscal year 1986 appropriations are less than the fiscal year 1980 appropriations.

Amends the Higher Education Act of 1965 to revise provisions relating to the National Graduate Fellows program. Provides that national graduate fellowships shall be awarded for only one academic year of study and shall be renewable for a period not to exceed four years of study. Requires that, in fiscal year 1986 and succeeding fiscal years, all funds appropriated for such program in each fiscal year shall be: (1) awarded to students by March 1 of that fiscal year; and (2) obligated and expended to the students for fellowships for use in the academic year beginning July 1 of that fiscal year.

Public Law 99-170 (H.R. 1714) December 5, 1985

A bill to authorize appropriations to the National Aeronautics and Space Administration for research and development, space flight, control and data communications, construction of facilities, and research and program management, and for other purposes.

Digest: *National Aeronautics and Space Administration Authorization Act, 1986* — Title I: *NASA Authorization* — Authorizes appropriations for fiscal year 1986 to the National Aeronautics and Space Administration (NASA) for specified activities relating to: (1) research and development; (2) space flight, control and data communications; (3) construction of facilities; and (4) research and program management.

Permits appropriations for research and development and for space flight, control, and data communications to be used for any items of a capital nature (other than acquisition of land) which may be required at locations other than NASA installations for the performance of research and development contracts, and for grants to nonprofit institutions of higher education, or to nonprofit organizations whose primary purpose is the conduct of scientific research, for purchase or construction of additional research facilities. Requires the Administrator of NASA (the Administrator) to notify specified congressional officers and committees whenever the cost of a facility exceeds a specified amount. Permits funds appropriated for research and development, for space flight, control and data communications, or for construction of facilities to remain available without fiscal year limitation.

Permits appropriations for research and program management to be used for scientific contributions or extraordinary expenses upon the approval of the Administrator.

Permits the funds for construction of any of specified facilities: (1) in the discretion of the Administrator, to be varied upward ten percent; or (2) following a report by the Administrator to specified congressional committees, to be varied upward 25 percent to meet unusual cost variations.

Permits one-half of one percent of the funds appropriated for research and development or for space flight, control, and data communications to be transferred to the appropriation for construction of facilities. Authorizes the expenditure of such transferred funds, together with a specified amount of the funds appropriated for construction of facilities, to construct, expand, or modify laboratories and other installations. Requires the Administrator, 30 days before expending such funds, to notify specified congressional officers and committees of the nature, cost and necessity of such construction.

Prohibits, until 30 days pass after congressional receipt of a full explanation by the Administrator, the use of funds appropriated pursuant to this Act for any program: (1) deleted by the Congress; (2) in excess of the amount actually authorized for the particular program under provisions for research and development, space flight, control and data communications, and research and program management; or (3) which has not been presented to either of the specified congressional committees.

Declares that it is the sense of the Congress that it is in the national interest that consideration be given to geographical distribution of Federal research funds whenever feasible, and that NASA should explore ways of doing so.

Authorizes the Inspector General of NASA to administer to or take from any person an oath, affirmation, or affidavit whenever necessary in performing functions assigned by the Inspector General Act of 1978, and to designate investigators or other employees to do so.

Amends the National Aeronautics and Space Act of 1958 to provide that any invention made or used in outer space, after the effective date of this act, on a space vehicle under U.S. jurisdiction or control shall be considered made or used in the United States for purposes of Federal law relating to patents and inventions.

Provides that the authorization for the space shuttle includes provision for: (1) production of a fleet of four space shuttle orbiters, including structural and component spares; and (2) production readiness for a fifth orbiter vehicle.

Amends the National Aeronautics and Space Administration Authorization Act, 1985 to extend by six months the deadline for submission, to the President and specified congressional committees by the National Commission on Space, of a long range plan for U.S. civilian space activity.

Directs the Administrator, within 90 days of the enactment of this act, to: (1) review recommendations of the President's Private Sector Survey on Cost Control; and (2) submit a report to specified congressional officers and committees on the implementation status of each of such recommendations which affect NASA and are within the Administrator's authority and control.

Directs the Administrator to initiate an immediate feasibility study and such planning efforts as may be necessary to ensure a timely flight opportunity for a physically disabled American.

Title II: *Shuttle Pricing Policy for Commercial and Foreign Users* — Directs the Administrator to charge each commercial or foreign user of the Space Transportation System (STS), as reimbursement, a pro rata portion of an amount equal to the sum of the average additive cost of a flight, plus a capital recovery charge for a flight. Provides that such amount shall not exceed the average operating cost of a dedicated commercial flight of STS.

Authorizes the Administrator to reduce such charge for any such user (but not below that user's pro rata portion of the average additive cost of a flight) as necessary to achieve: (1) preservation of U.S. leadership in space research, technology, and development; (2) efficient use of STS; (3) a long-range great increase in commercial space activities; and (4) enhancement of the U.S. position in international competition in providing space transportation services and capabilities.

Directs the Administrator, for purposes of this title, to assume 24 flights per year of STS.

Authorizes the Administrator to set a lower charge or provide no-cost flights for any such user who is involved in research and development programs with NASA.

Provides that this title shall apply to STS flights during fiscal years 1989 through 1991.

Title III: *Office of Commercial Space Transportation* — Amends the Commercial Space Launch Act to authorize appropriations for fiscal year 1986 to the Secretary of Transportation to carry out such Act (which provides for licensing and liability insurance requirements for commercial space launches).

Public Law 99-171 (H.R. 3235) December 9, 1985

A bill to authorize the Administrator of the National Aeronautics and Space Administration to accept title to the Mississippi Technology Transfer Center to be constructed by the State of Mississippi at the National Space Technologies Laboratories in Hancock County, Mississippi.

Digest: Authorizes the Administrator of the National Aeronautics and Space Administration to accept title to the Mississippi Technology Transfer Center to be constructed by the State of Mississippi at the National Space Technologies Laboratories in Hancock County, Mississippi. Authorizes the Administrator, subject to the availability of appropriations to enter into an agreement about the Center with the Governor of Mississippi in accordance with specified provisions of the Mississippi General Laws of 1985.

Provides that this act does not authorize the enactment of new budget authority for a fiscal year before fiscal year 1987.

P.L. 99-252 (S. 1574) February 27, 1986

A bill to provide for public education concerning the health consequences of using smokeless tobacco products.

Digest: *Comprehensive Smokeless Tobacco Health Education Act of 1986* - Directs the Secretary of Health and Human Services to establish and carry out a program to inform the public of any dangers to human health resulting from the use of smokeless tobacco products. Directs the Secretary to: (1) develop educational programs and materials and public service announcements respecting the dangers to human health from the use of smokeless tobacco; (2) make such programs, materials, and announcements available to States, local governments, school systems, and other entities; (3) conduct and support research on the effect of smokeless tobacco on human health; and (4) collect, analyze, and disseminate information and studies on smokeless tobacco and health.

Permits the Secretary to provide technical assistance and make grants to States to assist in the development and distribution of educational programs, materials, and public service announcements on the dangers to human health from the use of smokeless tobacco, and to establish 18 as the minimum age for purchasing smokeless tobacco.

Requires specified warning labels on all smokeless tobacco products and advertisements. Directs the Federal Trade Commission (FTC) to promulgate regulations to implement this act within 180 days. Requires manufacturers, packagers, and importers of smokeless tobacco products to annually provide the Secretary with a list of the ingredients added to tobacco, and a specification of the quantity of nicotine contained in each product. Provides for confidentiality of such information. Declares that the failure to comply with provisions of this act shall be a misdemeanor. Grants district courts of the United States jurisdiction and injunctive power to prevent and restrain violations of this act.

Requires each manufacturer, packager, or importer of smokeless tobacco to submit a compliance plan to the FTC. Imposes a ban on smokeless tobacco advertising on any medium of electronic communication subject to the jurisdiction of the Federal Communications Commission (FCC), effective six months after enactment of this act.

Requires a report to the Congress on January 11, 1987, and biennially thereafter, by the: (1) Secretary concerning smokeless tobacco and health and, as appropriate, on the health effects of ingredients added to smokeless tobacco; and (2) FTC concerning a description of current marketing practices associated with smokeless tobacco products.

Amends the Federal Food, Drug, and Cosmetic Act to exempt alcohol-containing confectionery from being considered adulterated if it is introduced into interstate commerce for sale in a State which permits its sale.

Sets forth the effective dates for the various provisions of this act and makes the warning provisions effective one year after enactment of this act.

Provides that the provisions of this act relating to smokeless tobacco statements shall preempt any other Federal, State, or local requirement.

P.L. 99-272 (H.R. 3128) April 7, 1986

A bill to make changes in spending and revenue provisions for purposes of deficit reduction and program improvement, consistent with the budget process.

Digest: *(of those provisions under the jurisdiction of the Commerce Committee).*

Consolidated Omnibus Budget Reconciliation Act of 1985

Title IV: *Transportation and Related Programs — Subtitle A: Railroads — Amtrak Reauthorization Act of 1985* — Amends the Rail Passenger Service Act to authorize appropriations for the National Railroad Passenger Corporation (Amtrak) for FY 1986 through 1988.

Requires that certain appropriated funds designated by Amtrak for nonoperational capital projects be used to maintain Amtrak's rail system operations at the level in effect on the date of enactment of this Act (unless funds are otherwise available to maintain such operations at substantially the same level of service).

Amends the Rail Passenger Service Act to provide that preferred stock issued by Amtrak to the Secretary of Transportation in return for Federal financial assistance shall be deemed to have been issued as of the date that Amtrak received such assistance (thus allowing Amtrak to take advantage of a certain depreciation allowance).

Permits Amtrak to participate in the contract air program administered by the General Services Administration in markets where service provided by Amtrak is competitive (thus including Amtrak among the competitors for the Federal employee travel market).

Sets February 15 as the annual deadline for Amtrak to submit specified data to the Congress.

Repeals the requirement that Amtrak enter into industry-wide rail carrier agreements regarding the operation of special and charter trains between specific routes.

Authorizes the Comptroller General to conduct annual audits of Amtrak activities (thus making such audits discretionary instead of mandatory).

Repeals Title VII of the Rail Passenger Service Act which provides for federally guaranteed emergency financial assistance to enable railroads to enter into operating contracts with Amtrak.

Amends the Railroad Revitalization and Regulatory Reform Act of 1976 to repeal the requirement that Amtrak and the Secretary of Transportation submit annual reports to the Congress regarding revenues and ridership of the Northeast Corridor Improvement Project.

Amends the Rail Passenger Service Act to repeal the requirement that Amtrak establish a Performance Evaluation Center.

Requires Amtrak to set a goal, beginning in FY 1986, of recovering at least 61 percent of its operating costs from its revenues (currently the statutory goal is to recover 50 percent of operating costs from revenues).

Requires Amtrak and representatives of Amtrak employees to negotiate changes in existing agreements that will result in cost savings to Amtrak, and requires the results of such negotiations to be reported to the Congress within a specified time.

Prohibits Amtrak from reducing the frequency of service on any line which, on May 1, 1985, had three or fewer trains operating per week.

Amends the Regional Rail Reorganization Act of 1973 to require the Railroad Retirement Board to issue a warning to any railroad which fails to notify the Board of job vacancies. Establishes a civil penalty to be imposed upon a railroad which is found guilty of two or more failures to notify the Board of job vacancies. Extends from four years to six years the expiration date of the central register of railroad employment maintained by the Board.

Amends the Rail Passenger Service Act to provide for Amtrak auto-ferry service of unoccupied vehicles when space is available.

Amends the Rail Passenger Service Act to authorize Amtrak to discontinue commuter train service which does not meet the avoidable loss per passenger mile criterion for short distance trains unless an affected State agrees to ensure that such criterion will be met.

States that a joint congressional resolution shall be the congressional oversight mechanism for any changes proposed by Amtrak to its Route and Service criteria.

Eliminates the passenger mile per train mile criterion for Amtrak route service.

Amends the Northeast Rail Service Act of 1981 to prohibit the Interstate Commerce Commission from allowing cross subsidization between intercity and commuter rail passenger service in the Commission's resolution of Northeast Corridor cost disputes involving non-Amtrak commuter authorities and freight railroads.

Amends the Northeast Rail Service Act of 1981 to repeal the requirement that the Commission determine within a specified time a costing methodology for compensation to Amtrak by Conrail for certain rail freight service over the Northeast Corridor.

Amends the Rail Passenger Service Act to reduce from 180 days to 120 days the period within which the Commission must: (1) resolve rail service compensation disputes; and (2) modify the criteria used by the Commission in determining Amtrak's compensation for use of the Northeast Corridor by freight railroads and commuter authorities.

Authorizes appropriations for FY 1986 through 1988 for local rail service assistance. Declares that no funds are authorized to be appropriated for any period after FY 1988.

Subtitle B: Highway Programs — Amends the Highway Improvement Act of 1982 to reduce highway apportionments for the primary system. Amends the Highway Safety Act of 1982 to reduce apportionments for bridge replacement and rehabilitation. Amends the Federal-Aid Highway Act of 1978 to reduce highway apportionments for resurfacing, reconstructing, rehabilitating, and restoring routes on the National System of Interstate and Defense Highways. Directs the Secretary of Transportation (the Secretary) to determine apportionment adjustments based on such reductions on the first day following the effective date of this Act.

Sets an obligation ceiling for FY 1986 through 1988 for Federal-aid highways and highway safety reconstruction programs. Specifies exceptions. Provides guidelines for FY 1986 through 1988 for: (1) the distribution of obligational authority; and (2) the redistribution of unused obligation authority.

Increases from $30,000,000 to $55,000,000 the amount of emergency relief which the Secretary is authorized to expend for natural disasters or catastrophic failures occuring in any State in 1985.

Directs the Secretary to permanently withhold ten percent of highway funds apportionments from any State which does not have in effect a permanent 21-year-old minimum drinking age on the first day of fiscal year 1989. Deems a State to be in compliance with the 21 year old national minimum drinking age requirement if such State has enacted a law within a specified time period which allows persons under 21 who had the right to drink under previous law to retain their legal drinking age status.

Amends the Federal-Aid Highway Act of 1978 to provide that funds which exceed the amounts needed for certain bridge demonstration projects shall be available to implement certain state-of-the-art bridge technology demonstration projects in Ohio. Requires the Secretary to report to the Congress regarding the results of using such technology.

Title V: *Corporation for Public Broadcasting and Federal Communications Commission* — Amends the Communications Act of 1934 to authorize appropriations for FY 1986 through 1988 to be used by the Secretary of Commerce to assist in the planning and construction of public telecommunications facilities. Repeals a provision that requires 75 percent of the funds appropriated for such purposes in a fiscal year to be available to extend delivery of public telecommunications services to areas not receiving such services. Authorizes appropriations, to match up to a specified amount of non-Federal contributions to public broadcasting entities, for the Public Broadcasting Fund for FY 1987 through 1990. Repeals a provision that requires that a specified portion of the amount made available to the Corporation for Public Broadcasting from the Fund be earmarked for expenses of research, training, technical assistance, engineering, instructional support, and the payment of interest on indebtedness.

Repeals provisions requiring a public telecommunications entity to refund to the Corporation for Public Broadcasting an amount of Federal funds equal to the amount of any unrelated business income tax paid by such entity.

Authorizes appropriations for the Federal Communications Commission for FY 1986 and 1987. Extends the effectiveness of provisions concerning the reimbursement of travel expenses of Commission officers or employees through FY 1987.

Changes the deadline for the Commission's annual report to the Congress from January 31 to March 31.

Sets forth a schedule of charges to be implemented and assessed by the Commission for specified administrative services. Directs the Commission to review and adjust such charges (in certain increments) every two years to reflect changes in the Consumer Price Index. Exempts from such charges specified radio public services. Permits the Commission to: (1) dismiss any application or other filing for failure to pay any charge in a timely manner; and (2) waive or defer payment of a charge to promote the public interest.

Title VI: *Maritime, Coastal Zone, and Related Programs — Subtitle A: Boating Safety Fund* — Transfers a specified amount from the Boat Safety Account to be used by the department in which the Coast Guard is operating for various Coast Guard activities.

Subtitle B: NOAA Nautical and Aeronautical Products — Revises generally provisions concerning the sale by the Secretary of Commerce of nautical and aeronautical products created or published by the National Oceanic and Atmospheric Administration (NOAA).

Subtitle C: Foreign Fishing Permit Fees — Amends the Magnuson Fishery Conservation and Management Act to revise provisions concerning payment to the Secretary of Commerce of fishing fees by the owners or operators of foreign fishing vessels operating within the fishery conservation zone of the United States.

Subtitle D: Amendments to the Coastal Zone Management Act — Coastal Zone Management Reauthorization Act of 1985 — Amends the Coastal Zone Management Act to phase-down the Federal share of the development, implementation, and operation of coastal zone management programs from 80 percent to 50 percent over a three-year period. Directs any State receiving Federal funds to promptly notify the Secretary of Commerce of any proposed program changes. Requires the Secretary to notify the State of its approval or disapproval to such changes within 30 days of notice from the State of such proposed changes.

Establishes the National Estuarine Reserve Research System (the System). Authorizes the Secretary to designate an estuarine area as a national estuarine research reserve upon certain findings. Requires the Secretary to develop guidelines for research within the System. Requires the Secretary to promote and coordinate the utilization of such reserves. Authorizes the Secretary to make grants to coastal States for acquisition or operation of such reserves or to a coastal State or other entity to support research and monitoring within a reserve. Sets per-reserve grant limits. Directs the Secretary to periodically evaluate the operation and management of each reserve and its research. Authorizes the Secretary to suspend a reserve from eligibility for financial assistance or withdraw its designation as a national reserve upon certain findings. Outlines information to be included in annual reports concerning such reserves.

Repeals Federal provisions which establish: (1) research and technical assistance grants for coastal zone management; and (2) the Coastal Zone Management Advisory Committee and certain other positions.

Adjusts the authorization of appropriations for administrative grants to States for coastal resources management programs and for the establishment of national estuarine sanctuaries.

Subtitle E: National Oceanic and Atmospheric Administration — Authorizes appropriations to the Department of Commerce for fiscal years 1986 and 1987 to enable the National Oceanic and Atmospheric Administration to carry out specified functions during such period.

Subtitle F: Marine Protection, Research, and Sanctuaries Act Amendments — Makes various amendments to the Marine Protection, Research, and Sanctuaries Act of 1972 concerning reports, research requirements, and regional management plans under such Act. Authorizes appropriations under such Act for fiscal years 1986 and 1987.

Subtitle G: National Ocean Pollution Planning Act Amendments — Amends the National Ocean Pollution Planning Act of 1978 to add as a purpose of such Act to provide for the effective coordination of research concerning the environmental quality of the Great Lakes, the Chesapeake Bay, Puget Sound, and other estuaries of national significance.

Establishes within NOAA the National Ocean Pollution Program Office. Outlines various organizational aspects for such Office.

Directs the Administrator of NOAA to ensure that findings and information concerning Great Lakes ocean pollution research activities are properly disseminated to the Federal Government and to State governments.

Authorizes appropriations under the National Ocean Pollution Planning Act of 1978 for fiscal years 1986 and 1987.

Subtitle H: Weather Modification — Authorizes appropriations under "An Act to provide for the reporting of weather modification activities to the Federal Government" for FY 1986 through 1988. Directs the Administrator of NOAA to take such actions to ensure the future availability and usefulness of ocean satellite data to the maritime community.

Restricts the awarding of contracts by the NOAA for the performances of any commercial activities until certain reporting requirements have been met.

Amends the National Climate Program Act to revise provisions concerning the establishment and functions of the Climate Program Policy Board.

Amends Federal law to authorize the Secretary of Commerce to establish the terms of any cooperative agreements entered into by the NOAA for mapping and charting surveys.

Subtitle I: Maritime Authorizations — Authorizes appropriations to the Department of Transportation for FY 1986 for specified activities, including funds for the Federal Maritime Commission.

Title VIII: *Outer Continental Shelf and Related Programs — Outer Continental Shelf Lands Act Amendments of 1985* — Authorizes affected coastal States and localities to use certain mineral resources leasing receipts (derived from the Outer Continental Shelf) to mitigate adverse economic and environmental effects related to the development of such resources.

Amends the Outer Continental Shelf Lands Act (OCS Lands Act) to require the Secretary of the Interior to provide specified information to the Governor of any coastal State within whose seaward three-mile boundaries lie lands for which lease nominations are being solicited by the Secretary. Requires such Secretary to deposit into a separate Treasury account all revenues derived from any Federal tract lease (issued after September 18, 1979) lying wholly within such seaward boundary of any coastal State (except Alaska, in whose case revenues shall be deposited from lands lying partially within three nautical miles of its seaward boundaries until seven years from the date of certain boundary dispute settlements). Excludes from such mandatory deposit Federal income and windfall profits taxes.

Sets guidelines for the disposition of: (1) common potentially hydrocarbon-bearing areas underlying Federal and coastal State boundaries; (2) lease sale revenues involved in boundary disputes between the United States and a coastal State where the revenues are from tracts lying wholly or partially within three nautical miles of the seaward boundary of the State; and (3) revenue distribution derived from federally-leased tracts to certain designated coastal States.

Amends the Submerged Lands Act to provide that any boundary between a State and the United States which has been fixed under a final Supreme Court decree shall remain immobilized under such decree.

Public Law 99-307 (H.R. 739) **May 19, 1986**

A bill relating to the documentation of the vessel *Marilyn* to be employed in the coastwise trade..

Digest: Makes certain technical revisions to various Federal laws relating to the operations and activities of the U.S. Coast Guard (including revising the definition of "passenger", providing for Coast Guard inspection of steam yachts, and allowing for certain actions during sea rescues).

Extends until November 1, 1993, the exemption from certain fire safety requirements for vessels which were in operation before January 1, 1968, and operate only on the inland rivers of the United States. Requires the owner or operator of any exempted vessel to notify prospective passengers of its noncompliance with such fire safety requirements, and prohibits the owner or operator from waiving liability for any loss due to fire caused by the owner's or operator's negligence.

Gives the master of a documented vessel the same lien for wages and the same priority as any other seaman serving on the vessel.

Authorizes the Coast Guard to acquire a site on the State pier in New Bedford, Massachusetts, for specified construction. Authorizes the Coast Guard, beginning in FY 1986, to use appropriated funds for construction on such State pier.

Declares Lawyer's Ditch in Newark, New Jersey, to be a nonnavigable waterway.

Authorizes the Coast Guard to contract with a municipal utility to provide electricity to a Coast Guard facility within a specified Coast Guard district in Alaska.

Declares a certain section of Bayou Lafourche, Thibodaux, Louisiana, to be a nonnavigable waterway.

Authorizes the Secretary of the department in which the Coast Guard is operating, notwithstanding certain registry requirements, to issue certificates of documentation to specified vessels. Limits the operation of two such vessels to the Atlantic Ocean and the Gulf of Mexico.

Revises a Federal drug law enforcement provision to redefine the term "arrangement" as such word relates to illegal drug transactions made aboard or in connection with a seagoing vessel.

Authorizes the Coast Guard to enter into a cost-sharing arrangement with the city of Cape May, New Jersey, for specified highway construction.

Amends Federal law relating to the towing of foreign vessels in U.S. ports.

Revises the definition of "common carrier" for purposes of Federal law relating to foreign ocean commerce, and defines the term "chemical parcel-tanker" for such purposes.

Directs the Secretary of Transportation to permit three specified vessels to be scrapped in the foreign market, under certain conditions. Authorizes two specified vessels to be sold to a foreign purchaser, under certain conditions.

Public Law 99-334 (S. 2179) **June 6, 1986**

A bill to amend the Communications Act of 1934 to provide for the reduction in the term of office of members of the Federal Communications Commission, and for other purposes.

Digest: Amends the Communications Act of 1934 to reduce the term of office of members of the Federal Communications Commission from seven to five years. Specifies exceptions for terms of current members and adjusts two terms so that one term will expire in 1989 and the other will expire in 1990.

Public Law 99-359 (S. 2180) **July 8, 1986**

A bill to authorize appropriations for activities under the Federal Fire Prevention and Control Act of 1974.

Digest: Amends the Federal Fire Prevention and Control Act of 1974 to authorize appropriations for FY 1987.

Amends the Uniform Time Act of 1966 to start daylight savings time the first Sunday in April rather than the last Sunday of April. Continues a State's right to preempt such time changes.

Directs the Federal Communications Commission to make necessary adjustments in the operation of daytime standard amplitude modulation broadcast stations.

Public Law 99-382 (S. 1073) **August 14, 1986**

A bill to amend the Stevenson-Wydler Technology Innovation Act of 1980 for the purpose of improving the availability of Japanese science and engineering literature in the United States, and for other purposes.

Digest: *Japanese Technical Literature Act of 1986* — Amends the Stevenson-Wydler Technology Innovation Act of 1980 to direct the Secretary of Commerce to establish a program to: (1) monitor Japanese technical activities and developments; (2) consult with businesses, professional societies, and libraries in the United States on their needs for information on Japanese developments in technology and engineering; (3) acquire and translate selected Japanese technical reports and documents that may be of value to Federal agencies and to businesses and researchers in the United States; and (4) coordinate with other Federal agencies to identify significant gaps and avoid duplication in Federal Government efforts to acquire, translate, index, and disseminate Japanese technical literature. Directs the Secretary to maintain such program, including an office in Japan, through the National Technical Information Service and other appropriate offices within the Department of Commerce.

Requires that such acquisition and translation of Japanese technical reports and documents be performed only on a cost-reimbursable basis. Requires that such translations be performed only if they are not otherwise available within the private sector in the United States.

Directs the Secretary, beginning in 1986, to report annually on important Japanese scientific discoveries and technical innovations in areas such as computers, semiconductors, biotechnology, and robotics and manufacturing. Directs the Secretary to consult with professional societies and businesses in the United States in preparing such reports. Authorizes the Secretary, to the extent provided in advance in appropriation acts, to contract with private organizations to acquire and translate information relevant to the preparation of such reports.

Directs the Secretary to encourage professional societies and private businesses in the United States to increase their efforts to acquire, screen, translate, and disseminate Japanese technical literature.

Directs the Secretary to compile, publish, and disseminate an annual directory which lists: (1) all programs and services in the United States that collect, abstract, translate, and distribute Japanese scientific and technical information; and (2) all translations of Japanese technical documents performed by Federal agencies in the preceding 12 months that are available to the public.

Directs the Secretary, within one year after the enactment of this act, to report to the Congress on Federal activities to collect, abstract, translate, and distribute declassified Japanese scientific and technical information.

Authorizes appropriations to carry out this act.

Public Law 99-383 (H.R. 4184) **August 21, 1986**

A bill to authorize appropriations to the National Science Foundation for the fiscal years 1987 and 1988, and for other purposes.

Digest: *National Science Foundation Authorization Act for Fiscal Year 1987* — Authorizes appropriations to the National Science Foundation (NSF) for FY 1987. Lists categories for which 1987 funds may be made available. Limits amounts of FY 1987 funds which may be used for official consultation, representation, or other extraordinary expenses, and for NSF expenses incurred outside the United States.

Prohibits the transfer of funds among the listed categories from exceeding ten percent unless: (1) written notice is given to the Speaker of the House, the President of the Senate, and the appropriate authorizing committees; and (2) 30 days have passed after such notice.

Amends the National Science Foundation Act of 1950 to remove from the list of responsibilities of the NSF the requirement to maintain a current register of scientific and technical personnel.

Removes provisions for Assistant Directors of NSF.

Removes the limitation that requires the NSF to only award scholarships and graduate fellowships for scientific study or work within the limits of funds made available specifically for such purposes pursuant to appropriations under such act.

Adds to the general authority of the NSF, during the five-year period beginning on the date of enactment of this act, the authority to indemnify grantees, contractors, and subcontractors associated with the Ocean Drilling Program.

Establishes a task force on women, minorities, and the handicapped in science, engineering, and technology in the Federal Government and in federally assisted research programs. Directs the task force to report to the President, the Congress, and each participating Federal agency by December 31, 1989. Terminates the task force on January 31, 1990.

Directs the President to report to the Congress by August 1, 1987, on any action taken or proposed to be taken with respect to the establishment of an International Year of the Greenhouse Effect to occur in 1991.

Directs the Office of Science and Technology Policy (the Office) to study critical problems and current and future options regarding communications networks for research computers, including supercomputers, at universities and Federal research facilities in the United States. Sets forth analyses in such study.

Requires the Office to report to the Congress on such study: (1) within one year after enactment of this Act, with respect to such supercomputers; and (2) within two years after such enactment, with respect to such research computers.

Repeals title IX (Science Information Service) of the National Defense Education Act of 1959.

Public Law 99-432 (H.R. 3358) October 1, 1986

A bill to reauthorize the Atlantic Striped Bass Conservation Act, and for other purposes.

Digest: Amends the Atlantic Striped Bass Conservation Act to include the District of Columbia and the Potomac River Fisheries Commission as coastal States and the waters within their jurisdiction as coastal waters for purposes of the act. Defines "Atlantic striped bass."

Directs the Atlantic States Marine Fisheries Commission (the Commission), during December of FY 1987 and each fiscal year thereafter, to monitor each coastal State's adoption and enforcement of such Commission's Striped Bass Plan. Requires the Commission to immediately notify the Secretary of Commerce and the Secretary of the Interior of any State's nonenforcement of such Plan. Requires the Secretaries, within 30 days after receiving such notification from the Commission, to jointly determine that State's compliance with the Plan, and, if the State is not in compliance, to jointly declare a moratorium on Atlantic striped bass fishing within that State's coastal waters.

Extends the authorization of appropriations under, and effective date of, such Act through FY 1988.

Extends the funding of certain striped bass population studies under the Anadromous Fish Conservation Act through FY 1988.

Directs the Secretary of the Interior to transfer to the State of Montana all rights, title, and interest in the Miles City National Fish Hatchery, near Miles City, Montana, such property to be used solely for fishery resources management programs.

Public Law 99-435 (S. 2703) October 2, 1986

A bill to amend the Federal Aviation Act of 1958 to provide that prohibition of discrimination against handicapped individuals shall apply to air carriers.

Digest: *Air Carrier Access Act of 1986* — Amends the Federal Aviation Act of 1958 to prohibit air carriers from discriminating against handicapped persons.

Directs the Secretary of Transportation to promulgate regulations to ensure non-discriminatory treatment of such persons.

Public Law 99-500 (H. J. Res. 738) October 18, 1986

A joint resolution making continuing appropriations for the fiscal year 1987, and for other purposes.

For further action see Public Law 99-591 signed October 30, 1986 as the corrected version of Public Law 99-500.

Public Law 99-502 (H.R. 3773) October 20, 1986

A bill to amend the Stevenson-Wydler Technology Innovation Act of 1980 to promote technology transfer by authorizing Government-operated laboratories to enter into cooperative research agreements and by establishing a Federal Laboratory Consortium for Technology Transfer within the National Science Foundation, and for other purposes.

Digest: *Federal Technology Transfer Act of 1986* — Amends the Stevenson-Wydler Technology Innovation Act of 1980 to authorize Federal agencies, subject to specified conditions, to permit the directors of their Government-operated Federal laboratories to: (1) enter into cooperative research and development agreements with other Federal agencies, State or local governments, industrial organizations, industrial development organizations, public and private foundations, nonprofit organizations including universities, licensees of Federal inventions, and other persons; and (2) negotiate patent licensing agreements. Authorizes Government-operated Federal laboratories, under such agreements and subject to specified conditions, to: (1) accept funds, services, and property from collaborating parties and provide services and property to collaborating parties; (2) grant patent licenses or assignments, or options, in any subject invention made by a Federal employee, or made jointly by a Federal employee and an employee of the collaborating party, and to retain such rights as the laboratory deems appropriate; (3) waive any right of ownership which the Federal Government may have to any subject invention made by a collaborating party or such party's employee under the agreement; and (4) to the extent consistent with applicable agency requirements, permit employees or former employees of the laboratory to participate in efforts to commercialize inventions they made while in the service of the United States.

Sets forth contract considerations.

Requires Federal agencies to make separate determinations of the missions of each of their laboratories, for purposes of cooperative research and development agreements.

Establishes the Federal Laboratory Consortium for Technology Transfer. Sets forth Consortium duties relating to the commercial potential of new technologies generated by Federal laboratory research. Includes among such duties assisting colleges, universities, businesses, nonprofit organizations, State or local governments, or regional organizations to establish cooperative programs to stimulate research and encourage technology transfer in such areas as technology program development, curriculum design, long-term research planning, personnel needs projections, and productivity assessments.

Directs the Consortium to furnish information and provide technical assistance, but prohibits the Consortium from engaging in the direct transfer of technology. Provides that each Federal laboratory or agency shall transfer technology directly to users or representatives of users, but not to the Consortium.

Requires the Director of the National Bureau of Standards to provide the Consortium with administrative services on a reimbursable basis.

Requires the Chairman of the Consortium to report annually to the President and to the appropriate authorization and appropriation committees of the Congress on the Consortium and other specified activities.

Requires, for FY 1987 through 1991, Federal agencies to transfer a specified portion of the research and development budget of their laboratories to the National Bureau of Standards for use by the Consortium in carrying out its activities.

Directs the Consortium to use five percent of such funds to establish demonstration projects in technology transfer.

Makes technology transfer, consistent with mission responsibilities, the responsibility of each Federal laboratory science and engineering professional. Requires each Federal laboratory director to ensure that efforts to transfer technology are considered positively in laboratory job descriptions, employee promotion policies, and evaluation of the job performance of scientists and engineers in the laboratory.

Requires each Federal laboratory with 200 or more full-time scientific and engineering professionals to have at least one full-time equivalent technology transfer position as staff for its Office of Research and Technology Applications. Requires that individuals filling such positions be included in the overall laboratory/agency management program so as to ensure that highly competent technical managers are full participants in the technology transfer process.

Abolishes the Center for the Utilization of Federal Technology and transfers its functions to the National Technical Information Service (NTIS).

Requires Federal agencies to report annually on technology transfer efforts in their annual budget submission to the Congress.

Authorizes the Secretary of Commerce to: (1) make available to interested agencies the expertise of the Department of Commerce regarding the commercial potential of inventions and methods and options for commercialization which are available to the Federal laboratories, including research and development limited partnerships; (2) develop model provisions for use on a voluntary basis in cooperative research and development arrangements, and disseminate such provisions to appropriate agency and laboratory personnel; and (3) furnish advice and assistance to Federal agencies concerning their cooperative research and development efforts.

Directs the Secretary to report biennially to the President and the Congress on the use by the agencies and the Secretary of the authorities specified in the act.

Directs the Secretary, within one year after the enactment of this act, to report to the President and the Congress on: (1) any copyright provisions or legal or other barriers which restrict or limit the transfer of federally funded computer software to the private sector and to State and local governments and their agencies; and (2) the feasibility and cost of compiling and maintaining a current and comprehensive inventory of all federally funded training software.

Requires Federal agencies which expend certain amounts for research and development to establish cash awards programs to reward their scientific, engineering, and technical personnel for inventions or other exemplary activities relating to domestic technology transfer.

Sets forth rules and formulas for the distribution of royalties or other income received by Federal agencies from the licensing or assignment of inventions under such agreements under this act, and from inventions of Government-operated Federal laboratories licensed under provisions of Federal law relating to domestic and foreign protection of federally owned inventions, or owned inventions, or under any other provision law. Requires Federal agencies to submit annually to the appropriate authorization and appropriation committees of the Congress summaries of the amount of royalties or other income received and expenditures made (including inventor awards) under such rules and formulas.

Authorizes Federal agencies to transfer rights of ownership to an invention under the act to the employee inventor, subject to specified conditions.

Abolishes the National Industrial Technology Board.

Changes references to the Director of the Office of Industrial Technology to the assistant Secretary for Productivity, Technology, and Innovation.

Renames the Centers for Industrial Technology as Cooperative Research Centers.

Public Law 99-507 (H.R. 4212) **October 21, 1986**

A bill to provide for the reauthorization of the Deep Seabed Hard Mineral Resources Act, and for other purposes.

Digest: *Deep Seabed Hard Mineral Resources Reauthorization Act of 1986* — Amends the Deep Seabed Hard Mineral Resources Act to authorize appropriations for FY 1987 through 1989.

Public Law 99-508 (H.R. 4952) **October 21, 1986**

A bill to amend title 18, United States Code, with respect to the interception of certain communications, and other forms of surveillance, and for other purposes.

Digest: *Electronic Communications Privacy Act of 1986* — Title I: *Interception of Communications and Related Matters* — Amends the Federal criminal code to extend the prohibition against the unauthorized interception of communications to include specific types of electronic communications. (Present law prohibits the interception of wire and oral communications only.) Specifies certain exceptions with respect to electronic communications. Extends such prohibition to the communications of any provider of wire or electronic communication services. (Present law extends only to communications common carriers.)

Provides for reduced criminal penalties where the unauthorized access to the electronic communication is not for a tortious or illegal purpose or private commercial gain. States that the interception of certain satellite transmissions is not an offense unless it is for the purposes of direct or indirect commercial advantage or private financial gain.

Prohibits any person or entity providing an electronic communication service, with specified exceptions, from knowingly divulging the contents of any communication carried on that service.

Allows any person whose wire, oral, or electronic communication is intercepted, disclosed, or willfully used to bring a civil action to recover damages. (Present law allows such a civil action only for the interception or use of wire or oral communications.) Revises the amount of damages which may be recovered in such actions. Specifies a two-year statute of limitations for the commencement of such actions.

Specifies additional crimes for which the interception of wire, oral, or electronic communications can be authorized in the course of the investigation of such crimes. Sets forth additional requirements for applications, court orders, and the implementation of court orders for the interception of such communications.

Provides that certain intelligence activities approved by the Attorney General shall not be affected by certain provisions of Federal law. Allows a court-authorized mobile tracking device to be used outside the jurisdiction of that court.

Makes it a criminal offense to warn a person that he or she is the subject of surveillance.

Allows the Attorney General to initiate a civil action to obtain an injunction to prevent felony level violations of this act.

Title II: *Stored Wire and Electronic Communicatiohs and Transactional Records Access* — Makes it a criminal offense to: (1) willfully access, without authorization, a facility through which an electronic communication service is provided; or (2) willfully exceed an authorized access to such facility.

Prohibits the provider of an electronic communication service or remote computing service, except under certain circumstances, from divulging the contents of any communication stored, carried, or maintained by such service.

Sets forth the procedural requirements for a governmental entity to obtain access to electronic communications in electronic storage, including court-ordered back-up copies of the contents of such communications.

Allows any subscriber or customer of a communication service who is aggrieved by a willful or intentional violation of this act to initiate acivil action to recover appropriate relief.

Grants the Director of the Federal Bureau of Investigation (FBI) access to telephone or communication service information and records relevant to any authorized foreign counterintelligence investigation. Prohibits any official or employee or a communications common carrier or service provider from disclosing to any person that the FBI has sought or obtained such access.

Title III: *Pen Registers and Trap and Trace Devices* — Prohibits the installation or use of a pen register or a trap and trace device without a court order pursuant to this act or under the Foreign Intelligence Surveillance Act of 1978. Imposes criminal penalties for violations of such prohibition.

Authorizes Government attorneys and State law enforcement officers to apply for a court order allowing the installation and use of a pen register or a trap and trace device. Allows the issuance of such an order if the attorney or law enforcement officer certifies that information likely to be obtained by such installation is relevant to an ongoing criminal investigation.

Requires providers of wire communications, landlords, custodians, and other persons to furnish all information, facilities, and technical assistance necessary to accomplish the installation of a pen register or a trap and trace device if such assistance is ordered by the court. Requires that anyone providing such assistance be compensated for any reasonable expenses incurred. States that no cause of action shall lie in any court against anyone providing such assistance.

Requires the Attorney General to report annually to the Congress on the number of pen register and trap and trace device orders applied for by law enforcement agencies of the Department of Justice.

Establishes criminal penalties for interfering with the operation of a satellite.

Public Law 99-509 (H.R. 5300) **October 21, 1986**

A bill to provide for reconciliation pursuant to section 2 of the concurrent resolution on the budget for fiscal year 1987.

Digest: *(of those provisions under the jurisdiction of the Commerce Committee).*

Title I: *Short Title and Table of Contents — Omnibus Budget Reconciliation Act of 1986* — Sets forth the table of contents.

Title IV: *Transportation and Related Programs — Subtitle A: Rail Related Issues — Conrail Privatization Act* — Requires the Secretary of Transportation, within 30 days after enactment of this act, to retain the services of investment banking firms to serve jointly and be compensated equally as co-lead managers of the public offering of Consolidated Rail Corporation (Conrail) stock. Specifies considerations in the selection of such firms.

Requires Conrail, within 30 days after enactment of this act, to transfer $200,000,000 to the Secretary of the Treasury.

Specifies requirements for a public offering of Conrail stock. Sets a goal of at least $2,000,000,000 in agregate gross proceeds from the public offering and other specified payments. Requires all costs of the public offering to be paid from proceeds of the offering.

Specifies the rail service obligations of Conrail during the five years following enactment of this act, including minimum capital expenditures and continuation of affirmative action and minority vendor programs. Prohibits any transactions whereby all or a substantial part of the railroad assets and business of Conrail are sold or otherwise disposed of to any entity other than a wholly owned subsidiary of Conrail. Requires abandonments to be offered at 75 percent of net liquidation value. Prohibits deferral of maintenance.

Requires Conrail to maintain a minimum cash balance of $400,000,000 after payment of dividends. States that dividend payments may only be made if Conrail is in compliance with the capital expenditure and minimum cash balance requirements of this act. Requires Conrail to provide reasonable compliance certificates to the Secretary of Transportation on a periodic basis with respect to all obligations relating to the payment of dividends, and on an annual basis with respect to all other obligations.

Limits ownership of Conrail stock by any person for a three-year period to ten percent, except for the Employee Stock Ownership Plan (ESOP). Limits ownership of Conrail stock by any Class I railroad to ten percent for one year. Prohibits the filing of any application for a merger, consolidation, or acquisition of control with respect to Conrail during such one-year period.

Provides for the Board of Directors of Conrail. States that if more than 50 percent of Conrail stock has not been sold before June 1, 1987, the special court established under the Rail Reorganization Act of 1973 shall, on that date, name three trustees who shall appoint directors. Prohibits specified persons from serving as special court trustees or directors.

Amends the Regional Rail Reorganization Act of 1973 with respect to payment of benefits by the Railroad Retirement Board to certain Conrail employees. Provides for the resolution of disputes regarding benefit eligibility by the Board.

Directs Conrail to pay $200,000,000 to present and former employees subject to collective bargaining agreements for certain wages below industry standards.

Provides for the exchange by the ESOP of Conrail Equity Corporation preferred stock for Conrail common stock. Directs the ESOP, as soon as practicable after 180 days after 100 percent of the U.S. shares of Conrail stock are sold, to distribute all of the stock in the accounts of its participants. Terminates the ESOP after completion of such distribution.

Authorizes the Secretary and any person who suffers direct and substantial economic injury as a result of an alleged violation by Conrail to bring an action to require compliance with this act. Declares that any such action must be brought before the special court, which may limit enforcement of a restriction if its effect would be to substantially impair the continued viability of Conrail.

Abolishes the United States Railway Association as of April 1, 1987.

Withdraws the consent of the United States to be sued for acts or omissions under this subtitle, except for actions brought to require the Secretary of Transportation to perform duties or acts with respect to the public offering of Conrail stock.

Establishes standards for the disclosure of terms of contracts for the transportation of agricultural commodities.

Confirms the authority of the Interstate Commerce Commission to promulgate that portion of the rule adopted in Ex Parte No. 346 (Sub.-No. 19), served September 12, 1986, consisting of protections for small railroads.

Subtitle B: Economic Development Administration — Directs the Secretary of Commerce to sell defaulted notes held by the Economic Development Administration in such amounts as to realize net proceeds of not less than $50,000,000 from such sales during FY 1987.

Title V: *Maritime Programs — Subtitle A: Maritime Loan Guarantees* — Amends Federal bankruptcy provisions to provide that the filing of a petition for bankruptcy shall not operate as an automatic stay of the commencement or continuation of an action, by either the Secretary of Transportation or of Commerce, to foreclose a mortgage on a vessel under the Ship Mortgage Act, 1920. Directs each of the Secretaries, before July 1, 1989, to report to specified congressional committees on the effects of the above provisions, together with any recommendations for legislation. Amends the Merchant Marine Act of 1920 to allow either Secretary, when acting as a mortgagee under such act, to foreclose on liens arising under title XI of the Merchant Marine Act, 1936.

Amends the Merchant Marine, 1936 to provide that a guaranty of loan obligation made by either Secretary under such act shall cover 100 percent of the principal and interest of the obligation to be undertaken by the appropriate Secretary, with an exception.

Declares certain waters bordering Alaska to be internal waters under the Fishery Conservation and Management Act, until September 30, 1993, for purposes of processing pink salmon within the internal waters of the State of Alaska.

Subtitle B: Load Line and Tonnage Measurement User Fees — Amends Federal shipping provisions to require that an ocean vessel may be operated only if the vessel has been assigned load lines (load weights as measured by lines on the side of a ship near the waterline). Directs the Secretary of Transportation to assign load lines for a vessel so that they indicate the minimum safe freeboard (distance from the load line to the deck) to which the vessel may be loaded. Allows existing vessels to retain their load lines assigned before January 1, 1986, unless the Secretary deems otherwise. Authorizes the Secretary to reduce the minimum freeboard for vessels operating in areas of less severe weather and sea conditions.

Authorizes the Secretary to provide for annual, renewal, and other load line surveys. Directs the Secretary to issue a vessel a load line certificate on a survey's finding that a load line for such vessel is satisfactory and correctly marked.

Provides for the delegation of the Secretary's load line authority to the American Bureau of Shipping, certain other qualified organizations, or to a foreign country that is a party to the International Convention on Load Lines, 1966.

Outlines conditions for special exemptions by the Secretary from such load line requirements, and for reciprocity for foreign vessels operating under similar load line requirements.

Authorizes the Secretary to prescribe regulations for submersible vessels to provide minimum safety levels. Authorizes the Secretary to require vessel owners, operators, or agents to provide loading information to the person in charge of the vessel.

Sets forth certain vessel loading restrictions. Authorizes the Secretary to detain vessels believed to be in violation of these load line provisions. Authorizes the use of U.S. Customs Service personnel for enforcement purposes.

Authorizes the Secretary to prescribe regulations to carry out these provisions, and provides penalties for violations.

Authorizes the Secretary to delegate to a qualified person the authority to measure a vessel and issue an International Tonnage Certificate or other appropriate certificate of measurement. Authorizes the Secretary to delegate such authority to a foreign country that is party to the International Convention on Tonnage Measurement of Ships, 1969, for ships engaged on a foreign voyage.

Requires a vessel to be measured under these provisions when the application of a U.S. law to a vessel depends on the vessel's tonnage. Directs the Secretary, after measuring a vessel, to issue to a vessel owner or master an International Tonnage Certificate. Outlines conditions requiring remeasurement of a vessel. Provides for optional regulatory measurement by the Secretary for certain documented vessels, specifying those provisions of Federal law to which such tonnage determinations will apply.

Provides reciprocity in the measurement of vessels for foreign countries whose laws are similar or who are a party to the aforementioned International Convention. Authorizes the Secretary to inspect foreign vessels to determine measurement compliance.

Outlines provisions concerning vessel measurement by the Secretary in accordance with specified regulatory measurement requirements. Provides for vessel remeasurement in appropriate circumstances. Provides for the standard tonnage measurement and the dual tonnage measurement of such vessels. Provides for the tonnage measurements of vessels not otherwise covered under the above provisions. Provides civil penalties for general violations and false statements related to vessel measurement under these provisions.

Requires amounts collected as Coast Guard user fees by either the Secretary of Transportation or the Secretary of the department in which the Coast Guard is operating to be deposited in the general fund of the Treasury as proprietary. Outlines conditions under which such fees may and may not be charged. Directs the Secretary of Transportation, before January 1 of each year, to report to the Senate Commerce, Science, and Transportation Committee and the House Merchant Marine and Fisheries Committee concerning the application and collection of such user fees.

Authorizes the Secretary to issue a temporary certificate of documentation for a vessel before it is measured.

Requires the Secretary, before July 19, 1990, to submit to the Congress a study concerning vessel tonnage requirements and thresholds. Requires an interim progress report on such study to be submitted before July 19, 1988. Repeals specified Federal provisions made inconsistent by the above provisions.

Subtitle C: Establishment of a Timetable for Compensation of Coast Guard Offshore Safety Studies — Directs the Secretary of the department in which the Coast Guard is operating (the Secretary) to issue final regulations pursuant to the advance notice of proposed rulemaking regarding the revision of the regulations on outer Continental Shelf activities, taking into consideration the use of standby vessels for personnel evacuations from manned installations on the outer Continental Shelf. Requires an interim report from the Secretary to the Congress, before December 31, 1986, and a final report, before September 1, 1987, concerning such regulations and evacuation procedures.

Title VIII: *Revenues, Trade, and Related Programs — Part III: Tax Treatment of Conrail Public Sale* — Provides that Conrail shall be treated as a new corporation which purchased all of its assets as of the beginning of the day after the date of the public sale for an amount equal to the deemed purchase price. Provides that the deemed purchase price shall be allocated among the assets of Conrail in accordance with specified regulations. Sets forth the method of calculating the deemed purchase price.

Provides that no income shall be realized from the cancellation of debt or preferred stock of Conrail.

Disallows an income tax deduction to Conrail for any amount which is paid after the date of the public sale to employees of Conrail for services performed on or before the date of the public sale.

Waives certain employee stock ownership plan provisions for the employee stock ownership plans of Conrail.

Public Law 99-516 (H.R. 2092) October 22, 1986

A bill to amend the Natural Gas Pipleine Safety Act of 1968 and the Hazardous Liquid Pipeline Safety Act of 1979 to authorize appropriations for fiscal years 1986 and 1987, and for other purposes.

Digest: Amends the Natural Gas Pipeline Safety Act of 1968 and the Hazardous Liquid Pipeline Safety Act of 1979 to: (1) authorize appropriations for FY 1987 (including authorizations to implement the State grant program for both Acts); and (2) direct the Secretary of Transportation to issue regulations requiring pipeline operators to report any safety-related conditions that either pose a hazard to life or property, or have caused significant changes in pipeline operations.

Public Law 99-521 (S. 1124) October 22, 1986

A bill to amend title 49, United States Code, to reduce regulation of surface freight forwarders, and for other purposes.

Digest: *Surface Freight Forwarder Deregulation Act of 1986* — Amends Federal shipping laws to eliminate Interstate Commerce Commission regulations governing the operations of general commodities surface freight forwarders. Retains Federal regulation of such forwarders with respect to cargo liability and claims settlement procedures.

Retains the jurisdiction of the Interstate Commerce Commission over surface freight forwarders of household goods.

Prohibits State and local governments from regulating general commodities freight forwarders deregulated by this act. Continues the authority of the State of Hawaii to regulate motor carriers other than freight forwarders.

Includes freight forwarders within the enforcement purview of the Interstate Commerce Commission. Revises the Commission's general authority to investigate on its own or upon complaint matters relative to its remaining authority over freight forwarders.

Declares that the existing regulatory authority of the Department of Transportation (including its safety authority) continues to apply to all freight forwarders whether or not they are regulated by the Commission.

Public Law 99-563 (S. 2129) October 27, 1986

A bill to facilitate the ability of organizations to establish risk retention groups, to facilitate the ability of such organizations to purchase liability insurance on a group basis, and for other purposes.

Digest: *Risk Retention Amendments of 1986* — Amends the Product Liability Risk Retention Act of 1981 to define "liability" as legal liability for damages because of injuries to other persons, damage to their property, or other damage or loss resulting from: (1) any business, trade, product, services, premises, or operation; or (2) any activity of a State or local government. Excludes from such definition personal risk liability and employer's liability.

Excludes from such Act's coverage product liability risk retention groups formed on or after January 1, 1985, under the laws of Bermuda or the Cayman Islands. Deems such groups formed before January 1, 1985, to be risk retention groups only for the purpose of continuing to provide product liability or completed operations liability.

Adds to the definition of "risk retention group" certain requirements pertaining to the structure of such group.

Requires that members of a purchasing group have businesses or activities which are similar or related with respect to the liability to which the members are exposed by virtue of any related, similar, or common business, trade product, service, premises, or operations.

Requires that risk retention groups make certain reports to State insurance regulators. Allows the State to require the group to comply with an order issued in a delinquency proceeding if there is a finding of financial impairment.

Authorizes any State to require a group to comply with any State law regarding false or fraudulent acts or practices.

Permits any State to require a group to: (1) comply with a lawful order issued in a voluntary dissolution proceeding; (2) make reinsurance available only to organizations whose businesses are similar or related with respect to the nature of their exposure to the risk of liability; (3) comply with any court injunction issued in accordance with administrative due process upon a State insurance commission's petition alleging that the group is in a hazardous financial condition or is financially impaired; (4) submit to the State insurance commission a plan of operation or feasibility study including specified information; and (5) provide a specified cautionary notice in any insurance policy it issues.

Declares that nothing in such act shall be construed to affect the authority of any court to enjoin: (1) the solicitation or sale of insurance by a risk retention group to persons ineligible to belong to such group; (2) false, deceptive, or fraudulent acts or practices in the solicitation or sale of such insurance; (3) the solicitation or sale of insurance by, or operation of, a risk retention group that is in a hazardous financial condition; or (4) the solicitation or sale of insurance by, or operation of, a risk retention group that has been found, or any of whose officers, organizers, or directors have been found, to have engaged in knowing and willful false, deceptive, or fraudulent conduct within the previous five years, and under circumstances that present a reasonable likelihood that such conduct will recur. Subjects risk retention groups to State no-fault automobile insurance requirements. Limits the authority to provide or purchase insurance under such Act to liability insurance.

States that the terms of any insurance policy provided or purchased under such Act shall not be construed to include coverage for punitive damages, or intentional fraudulent or criminal conduct, if any such coverage is prohibited by State law or declared unlawful by State supreme court decisions.

Sets forth general enforcement powers of any State insurance commissioner with respect to prohibited conduct by risk retention groups or purchasing groups.

Public Law 99-570 (H.R. 5484) **October 27, 1986**

A bill to strengthen Federal efforts to encourage foreign cooperation in eradicating illicit drug crops and in halting international drug traffic, to improve enforcement of Federal drug laws and enhance interdiction of illicit drug shipments, to provide strong Federal leadership in establishing effective drug abuse prevention and education programs, to expand Federal support for drug abuse treatment and rehabilitation efforts, and for other purposes.

Title XII: *Commercial Motor Vehicle Safety Act of 1986 — Commercial Motor Vehicle Safety Act of 1986* — Limits the number of driver's licenses any person who operates a commercial vehicle can have at any time to one. Requires operators of commercial vehicles to report out-of-State traffic violations to the license issuing State and employer.

Requires an employee who loses the right to operate a motor vehicle to report such loss to the employer. Prohibits an employer from permitting an employee to operate a commercial vehicle during any period where the employee: (1) has a suspended license: or (2) has more than one driver's license.

Directs the Secretary of Transportation to establish minimum Federal standards for operators of commercial vehicles.

Requires the Secretary to establish a clearinghouse and depository of information pertaining to the licensing and identification of operators of commercial motor vehicles.

Lists offenses which result in disqualifying a person from operating a commercial motor vehicle.

Establishes a grant program for States for issuing classified driver's licenses. Sets forth grant requirements. Provides for the withholding of State highway funds for not complying with such regulations.

Establishes civil and criminal penalties for certain violations of the Commercial Vehicle Safety Act.

Directs the Secretary to conduct a review of regulations pertaining to the use of alcohol by operators of commercial motor vehicles.

Requires the Secretary to revise certain regulations to require trucks and truck tractors manufactured after July 24, 1980, to have brakes operating on all wheels.

Directs the Secretary to conduct a demonstration project to assess the benefits of continuous use of unarmed radar equipment on highway safety.

Public Law 99-574 (H.R. 4354) October 28, 1986

A bill to authorize appropriations to the Secretary of Commerce for the programs of the National Bureau of Standards for fiscal year 1987, and for other purposes.

Digest: *National Bureau of Standards Authorization Act for Fiscal Year 1987* — Authorizes appropriations for FY 1987 to the Secretary of Commerce (the Secretary) for the following activities performed by the National Bureau of Standards (NBS): (1) measurement research and standards; (2) materials science and engineering; (3) engineering measurements and standards; (4) computer science and technology; and (5) research support activities.

Reserves specified amounts from such funds for: (1) steel technology; (2) the Center for Building Technology; (3) the Center for Fire Research; (4) Computer Security Activities; (5) the technical competence fund; and (6) the Cold Neutron Source Facility.

Prohibits the transfer of funds among the listed categories from exceeding ten percent unless: (1) written notice is given to the appropriate congressional officers and authorizing committees; and (2) 30 days have passed after such notice.

Directs NBS to seek reimbursements from other Federal agencies to expand its efforts in support of basic scientific research on the atmospheric, climatic, and environmental consequences of nuclear explosions and nuclear exchanges.

Authorizes appropriations for FY 1987 to the Secretary for: (1) the activities of the Office of Productivity, Technology and Innovation; and (2) the patent licensing activities of the National Technical Information Service.

Authorizes the Director of NBS to expend up to one percent of NBS funds in any fiscal year for awards of research fellowships and other forms of financial assistance to university students who show promise as present or future contributors to the mission of NBS.

Directs the Board of Assessment of NBS programs to include in its annual review an assessment of emerging technologies which are expected to require research in metrology to keep NBS abreast of its mission, including specified areas.

Directs NBS, in conjunction with the National Academy of Sciences, to establish and conduct a postdoctoral fellowship program to be carried out in a specified manner.

Requires the Director of NBS to discuss with Federal agencies and private sector organizations their demand for, and willingness to pay for, the process and quality control and calibration programs of NBS. Requires the Director, within six months after enactment of this Act, to report to specified congressional committees on the findings based on such discussions, with recommendations on a comprehensive Federal process and quality control and calibration program.

Directs the Office of Personnel Management and NBS to jointly design a demonstration project relating to an alternative personnel management system which shall be conducted by the Director of NBS. Sets forth the elements of such project. Directs the Comptroller General, within four years after the demonstration project commences, to submit a final report on such project to specified congressional committees.

Public Law 99-577 (H.R. 5598) October 28, 1986

A bill to provide for the transfer of the Coast Guard cutter *Taney* to the city of Baltimore, Maryland, for use as a maritime museum and display.

Digest: Directs the Secretary of the Department in which the Coast Guard is operating to transfer the Coast Guard cutter "Taney" to the city of Baltimore, Maryland, for use as a maritime museum and display.

Public Law 99-579 (S. 475) October 28, 1986

A bill to amend the Motor Vehicle Information and Cost Savings Act to require certain information to be filed in registering the title of motor vehicles, and for other purposes.

Digest: *Truth in Mileage Act of 1986* — Amends the Motor Vehicle Information and Cost Savings Act to prohibit the licensing of motor vehicles when the ownership is leased or transferred unless: (1) the application for a new certificate of title is accompanied by the prior owner's title; and (2) the new certificate of title is printed in a specified manner indicating the odometer mileage.

Authorizes States to submit alternative mileage disclosure requirements for the approval of the Secretary of Transportation.

Provides that auction companies selling motor vehicles must maintain records showing: (1) the name of the most recent owner; (2) the vehicle identification number; and (3) the odometer reading on the date the auction company took possession of the vehicle.

Requires such mileage information to be disclosed by the lessee to the lessor of a leased motor vehicle when the lessor transfers ownership of the vehicle.

Increases the civil penalty for violation of the odometer requirements from $1,000 to $2,000, and increases the criminal penalty for such violations from one to three years maximum imprisonment.

Public Law 99-591 (H.J. Res. 738) October 30, 1986
and Public Law 99-500 (H.J. Res. 738) October 18, 1986

A joint resolution making continuing appropriations for the fiscal year 1987, and for other purposes.

Digest: (*of those provisions under the jurisdiction of the Commerce Committee).*

Title V: *Aviation Safety — Aviation Safety Commission Act of 1986* — Establishes the Aviation Safety Commission. Directs the Commission to: (1) study how the Federal Aviation administration may most effectively perform its responsibilities and increase aviation safety; (2) report on such study to the President and the Congress within nine months after enactment of this Act; (3) investigate management and employee relationships within the Administration, particularly the air traffic control system; and (4) report on such investigation to the President and the Congress within 18 months after enactment of this Act. Outlines the main considerations for such study and investigation.

Terminates the Commission 18 months after enactment of this Act. Authorizes appropriations for FY 1987 and 1988.

Title VI: *Metropolitan Washington Airports — Metropolitan Washington Airports Act of 1986* — Authorizes the Secretary of Transportation to enter into a 50-year lease of the Metropolitan Washington Airports (Washington National Airport and Washington Dulles International Airport) with the Airports Authority (a public corporation established by this Act solely to operate and improve such airports). States that such authority shall lapse two years after the date of enactment of this Act.

Sets forth lease payments and conditions, including requirements that: (1) the Metropolitan Washington Airports be operated as a unit and as primary airports serving the Metropolitan Washington area; (2) the real property constituting such airports be used only for airport purposes; (3) the Airports Authority (the Authority) be subject to certain requirements of the Airport and Airway Improvement Act of 1982; (4) the Authority may not change the number of instrument flight rule takeoffs and landings authorized by the High Density Rule at Washington National Airport; (5) the Authority shall continue all collective bargaining rights of Metropolitan Washington Airports employees; and (6) the Secretary must submit such 50-year lease to the Congress.

Expresses the sense of the Congress that the Airports Authority should: (1) pursue the improvement, construction, and rehabilitation of the facilities at the Metropolitan Washington Airports simultaneously; and (2) complete such improvement, construction, and rehabilitation within five years after the earliest date on which the Airports Authority issues bonds.

Requires the Airports Authority to be a public corporate body with powers conferred upon it jointly by the Commonwealth of Virginia and the District of Columbia under specified guidelines which include: (1) operation of Metropolitan Washington Airports for public purposes; (2) independence from Virginia, its local governments, the District of Columbia, and the Federal Government; (3) authority to issue bonds; (4) authority to acquire real and personal property; (5) authority to exercise the power of eminent domain within Virginia; and (6) authority to levy fees and enter into agreements.

Sets forth conflict-of-interest provisions for members of the Board of Directors of such authority. Prescribes the membership and terms of the Airport Authority's board of directors, including the appointment of: (1) five members by the Governor of Virginia; (2) three members by the Mayor of the District of Columbia; (3) two members by the Governor of Maryland; and (4) one member by the President with the advice and consent of the Senate.

Requires the board of directors to establish a Board of Review (comprised of members of Congress) to review certain actions of such board of directors for approval or disapproval. Sets forth the membership and terms of such Board of Review.

Sets forth guidelines for the protection of Federal employee interests during the five-year period, including: (1) retention of employees; (2) adoption of pre-transfer labor agreements; (3) credit for accrued annual and sick leave and seniority rights; (4) life and health insurance benefits; and (5) retention of pre-transfer retirement benefits.

Requires the continuation during the 50-year lease term of all collective bargaining rights enjoyed by transferred employees retained by the Airports Authority.

Confers upon the Airports Authority during the 50-year lease the same proprietary powers and restrictions with respect to Federal law as any other airport. Declares that the Metropolitan Washington Airports qualify as a "public airport" eligible for Federal assistance on the same basis as any comparable public airport operated by a regional authority.

Grants the Commonwealth of Virginia concurrent police power authority over the Metropolitan Washington Airports, and grants the Virginia courts jurisdiction over Washington National Airport.

Makes the authority of the National Capital Planning Commission inapplicable to the Airports Authority, but requires the Airports Authority to consult with such Commission and with the Advisory Council on Historic Preservation before undertaking actions which would materially alter either the exterior of the Dulles Terminal or the skyline of Washington National Airport.

Prohibits the Administrator of the Federal Aviation Administration (the Administrator) from altering the number of instrument flight rule takeoffs and landings authorized by the High Density Rule at Washington National Airport except for safety reasons. Authorizes the Secretary and the Airports Authority to extend the lease of the Metropolitan Washington Airports.

Prohibits nonstop flights between Washington National Airport and any airport that is more than 1,250 statute miles away.

Public Law 99-618 (S. 2852) November 6, 1986

A bill to authorize the Secretary of Transportation to release restrictions on the use of certain property conveyed to the Peninsula Airport Commission, Virginia, for airport purposes.

Digest: Delineates the conditions under which the Secretary of Transportation is authorized to grant releases from any restriction contained in a deed whereby the United States conveyed certain property in Newport News and York County, Virginia, to the Peninsula Airport Commission for airport purposes.

Restricts such releases to 7.5 acres of real property. Prohibits the Commission from transferring any interest in such property to any person or business concern other than the city of Newport News, Virginia.

Public Law 99-622 (S. J. Res. 336) November 6, 1986

A joint resolution to express the sense of Congress on recognition of the contribution of the seven *Challenger* astronauts by supporting establishment of a Children's Challenge Center for Space Science.

Digest: Expresses the sense of Congress that a Children's Challenge Center for Space Science should be established in conjunction with the Smithsonian Institution as a memorial to the seven *Challenger* astronauts and others who gave their lives exploring space.

Public Law 99-626 (H.R. 4731) November 7, 1986

A bill to amend chapter 131 of title 46, United States Code, relating to the Federal recreational boating safety program, and for other purposes.

Digest: *Recreational Boating Safety Act of 1986* — Requires the Secretary of Transportation to report to the Congress prior to February 1, 1987, regarding the use of alcohol-blended gasoline in recreational vehicles. Delineates the contents of such report. Directs the Secretary to consult with the National Boating Safety Advisory Council in preparing such report. Terminates such council on September 30, 1991.

Amends Federal law regarding recreational boating safety to delete the membership limitation of such council, and to provide that the Secretary shall appoint members of such council with expertise in recreational boating safety. Amends the membership requirements to specify the number of members who shall represent certain sectors of the recreational boating public.

Declares that a certain conveyance agreement dated December 9, 1977 between the Commandant of the Coast Guard and Koniag, Incorporated, (a regional native corporation in Alaska) shall be interpreted to include: (1) that certain machinery may be maintained on lands conveyed to Koniag if it does not cause harmful electromagnetic interference with the Coast Guard Holiday Beach receiver item or is operated under terms mutually agreeable to the Coast Guard and Koniag, Incorporated; (2) the conveyance of the "old shipyard" includes the wharf and all lands beneath it; (3) an access and utility easement is intended as part of the conveyance for Cliff Point; and (4) the construction of a dock facility or other structures is not inconsistent with the easement and access to a barge landing area if such construction is in accordance with Federal approval.

Extends to September 30, 1987, the authority of the Secretary of Commerce to make certain loans under the Coastal Zone Management Act. Limits such loan authority to $7,000,000.

Amends the Coastal Zone Management Act of 1972 to provide that any portion of a State grant which remains unobligated by the end of the fiscal year or during the second year after the fiscal year for which it was originally authorized by a State for obligation, shall revert to those funds available for the original grant purpose (thus ensuring that funds appropriated for Coastal Zone management shall be spent for coastal management only).

Public Law 99-640 (H.R. 4208) November 10, 1986

A bill to authorize appropriations for the Coast Guard for fiscal years 1987 and 1988, and for other purposes.

Digest: *Coast Guard Authorization Act of 1986* — Authorizes appropriations for the Coast Guard for FY 1987 for: (1) operation and maintenance, and increases in salary, pay, and other employees benefits; (2) acquisition, construction, rebuilding, and improvement for aids to navigation, shore facilities, vessels, and aircraft; (3) research, development, test, and evaluation; and (4) retirement pay and benefits.

Authorizes the end strength for active-duty personnel of the Coast Guard for FY 1987.

Specifies the authorized average military training student load for the Coast Guard for FY 1987.

Authorizes the Secretary of the department in which the Coast Guard is operating (the Secretary) to transfer up to five percent of the appropriations among categories. Requires the Secretary to give the chairmen of the House Committee on Merchant Marine and Fisheries and the Senate Committee on Commerce, Science, and Transportation 15 days notice of any proposed transfer.

Directs the Secretary to identify those activities that are necessary to maintain the logistics capability of the Coast Guard. Requires the Secretary, no later than January 31, 1987, to provide a list of such activities to the House Merchant Marine and Fisheries and the Senate

Commerce, Science, and Transportation Committees. Specifies certain activities to be excluded from such list. Provides that such activities may not be contracted for performance by non-government personnel, except in specified circumstances. Requires the Secretary, before the beginning of FY 1987, to submit to committees a list of activities that are to be contracted for performance by non-government personnel during that fiscal year.

Requires each contract awarded by the Coast Guard in fiscal year 1986 or 1987 for construction or services to be performed in a State having an unemployment rate in excess of the national average unemployment rate to include a provision requiring the contractor to employ local residents to fulfill the work requirements of such contract.

Assigns the performance of the Maritime Defense Zone command responsibilities to the Coast Guard.

Raises the limitations on transfer to the Boat Safety Account within the Aquatic Resources Trust Fund.

Requires that amounts paid into the Boat Safety Account be determined in accordance with a specified Department of the Treasury report on gasoline excise tax revenues attributable to fuel used in recreational motorboats.

Revises formulas for the allocation of the Boat Safety Account monies.

Makes available to the Coast Guard between one and two percent of the funds which would be allocated to the States to pay the costs incurred by the Federal Government in administering the Boat Safety Account.

Revises provisions concerning the Coast Guard Auxiliary to authorize the Secretary to pay interest on a claim of the Auxiliary in certain instances.

Directs the Secretary of Transportation to report to the Congress within one year after enactment of this act on the use of the Coast Guard Auxiliary.

Provides sanctions against violators of orders of the Secretary of Transportation with respect to the anchorage and movement of any vessel in the navigable waters of the United States.

Authorizes certain travel and expenses reimbursement for administrative personnel of the Secretary when such personnel are required to travel for purposes of administering certificates, licenses, or other documents to merchant seamen.

Revises Federal provisions relating to the inspection of vessels to require the vessel's certificate of inspection to indicate the complement of licenses individuals and crew considered by the Secretary to be necessary for safe operation. Requires special manning requirements to be imposed upon: (1) sailing school vessels; and (2) self-elevating mobile offshore drilling units.

Revises provisions concerning the towing of vessels to require the operators of such vessels to have a license to operate a towing vessel.

Provides that, whenever a vessel is forfeited to the United States, such vessel may be donated to an education institution with a commercial fishing vessel safety program that includes specified courses in fishing vessel safety. Outlines terms and conditions under which the donation of a vessel to an educational institution will be made. Releases the United States of any liability for actions arising from the use of such donated vessels.

Prohibits any Coast Guard training or instruction to employees of the government or members of the armed services of the Republic of South Africa during FY 1987.

Directs the Secretary to provide detailed reports to the Congress concerning the status of design and construction plans for the procurement of at least two new polar icebreaking vessels. Requires such report to be submitted annually until at least two new vessels have been delivered to the Coast Guard.

Requires each uninspected fishing, fish processing, or fish tender vessel operating on the high seas to be equipped with the number and type of emergency position indicating radio beacons prescribed by regulation.

Retitles specified Federal law as the Maritime Drug Law Enforcement Act.

Makes it unlawful for any person on board a vessel of the United States, or on board a vessel subject to the jurisdiction of the United States, to knowingly or intentionally manufacture or distribute, or to possess with intent to manufacture or distribute, a controlled substance. Redefines terms under such act.

Grants waivers from restrictions on vessel documentation for five specified vessels.

Public Law 99-659 (S. 991) **November 14, 1986**

A bill to provide authorization of appropriations for certain fisheries activities.

Digest: Title I: *Fisheries Conservation and Management* — Amends Federal law concerning fishery conservation to define "exclusive economic zone" for purposes of exercising sovereign rights to fishery resources in such zone. States that the United States shall exercise sole fishery management authority (except with regard to highly migratory fishes) within the exclusive economic zone. Provides that the United States shall exercise exclusive fishery management authority over all anadromous fishes throughout their migratory range beyond the exclusive economic zone (except when such fishes are in a foreign nation's territorial sea or exclusive economic zone) and all Continental Shelf fishery resources beyond the exclusive economic zone.

Provides that fishing permits issued to foreign vessels to permit fishing within the U.S. fishery zone shall be valid only for a period of one year, with renewal required thereafter. Provides various sanctions for foreign fishing vessels committing prohibited acts, including revocation, suspension, or denial of fishing permits. Provides for temporary suspension of such permits while an administrative proceeding concerning a violation is in progress.

Amends the Magnuson Fishery Conservation and Management Act to direct the Secretary of Commerce to prescribe minimum health and safety standards to be maintained on foreign fishing vessels with respect to the quartering of and carrying out of observer functions by U.S. observers aboard such vessels.

Requires all foreign vessels to have written certification that such vessel complies with all safety standards imposed by its country.

Requires members of each regional fishery management Council to be knowledgeable and experienced with regard to the conservation and management of the fishery resources of the geographic area concerned. Prohibits the Governor of a State from submitting individuals to the Secretary of Commerce for appointment to such Councils unless the Governor has first consulted with commercial and recreational fishing representatives of the State regarding such individuals. Prohibits an individual's appointment to a council position until such individual complies with certain financial disclosure requirements. Provides a three-year term for each voting Council member appointed.

Authorizes each Council to comment on a proposed State or Federal agency action which may affect the habitat of a fishery resource under its jurisdiction. Requires a Federal agency to respond to a Council's comments within 45 days of receipt thereof.

Requires voting members of a Council to disclose any financial interest held in any fish harvesting, processing, or marketing activity over which such council has jurisdiction.

Requires any fishery management plan prepared by any Council to provide for temporary adjustments regarding access to the fishery for vessels usually prevented from harvesting because of weather or other conditions affecting the safety of the vessels. Requires the inclusion of certain fishery habitat information.

Prohibits the disclosure by the Secretary of certain financial-disclosure statistics submitted to the Secretary except to: (1) Federal employees and Council employees who are responsible for fishery management plan development; or (2) when court ordered.

Requires the Secretary to make an immediate preliminary evaluation of any fishery management plan submitted in order to determine if it is consistent with national standards and warrants further review. Requires the Secretary to annually review and update the comprehensive fishery management plan and make the results available to the Councils.

Defines as a prohibited act the submission to a Council, the Secretary, or the Governor of a State of a false statement pertaining to fish processing capacity.

Provides that any person against whom a civil penalty is assessed for violation of a fishery management plan may obtain review in the U.S. district court for the appropriate district.

Provides in rem jurisdiction with respect to vessels engaging in violations of fishery management plans and states that civil penalties against the owners or operators of such vessels shall constitute a lien upon such vessel enforceable in the appropriate court of jurisdiction.

Provides that administrative forfeiture provisions shall apply to all property seized by the Secretary of Commerce for violations under this Act. Authorizes the Secretary or the Secretary of the Treasury to pay for the reasonable storage and maintenance costs of seized property until any proceeding concerning such property is completed. Requires reimbursement by liable parties of all such storage and maintenance costs.

Repeals a Federal law concerning the effect of certain legislation upon the Law of the Sea Treaty.

Authorizes appropriations for FY 1986 and 1987. Provides certain limitations of expenditures with regard to certain fishery research vessels of the National Oceanic and Atmospheric Administration (NOAA).

Requires the Secretary to ensure that those persons dependent upon the Fisheries within the jurisdiction of the Regional Fishery Management Councils for their livelihood are fairly represented as voting members of the council.

Title II: *Fish and Seafood Promotion — Fish and Seafood Promotion Act of 1986* — Establishes the National Fish and Seafood Promotional Council.

Outlines various functions of the Council, including the preparation and submittal to the Secretary of Commerce for review of a plan for marketing, promotion, and consumer education with respect to fish and fish products. Prohibits: (1) any such plan from containing and references to any private brand or trade name or from using deceptive acts with respect to the quality, value, or use of competing products; or (2) the promotion by the Council to purchase a single or group of similar fish. Permits the Council to enter into agreements with applicants proposing to establish a seafood marketing council for the purposes of funding a referendum establishing such councils. Terminates the Council on October 1, 1990.

Sets forth the duties of the Secretary, including the review of the Council's annual fish marketing and promotion plan and budget.

Establishes in the Treasury a Fisheries Promotional Fund.

Amends the Saltonstall-Kennedy Act to provide for the transfer of funds from the Secretary of Agriculture to the Secretary of Commerce for activities related to the Fisheries Promotion Fund. Requires the transfer of specified amounts into the Fund for FY 1987 through 1990.

Provides for the application for a charter for a seafood marketing council for fish and fish products by individuals meeting specified requirements. Requires such application to be in the form of a proposed charter, which must include certain information such as the fish and fish products planned to be marketed and promoted, and sectors (geographic areas) that will be represented by the proposed council.

Requires the Secretary of Commerce to determine the suitability of a proposed charter within 180 days after its submission for approval. Requires a referenda to be held, and 66 percent or more of the fish and fish products' value of an area to be represented by sector participants who approve the charter, before the Secretary of Commerce can establish the council and approve the proposed charter.

Outlines powers of a council, including that of adopting standards relating to the quality of fish and fish products and the sector operating procedures of the council. Requires such standards to be adopted by a majority of the council and implemented by the Administrator.

Enumerates specified duties of the Secretary of Commerce with respect to the review and regulation of marketing and promotion plans submitted by the councils.

Directs a council to impose such assessments as necessary to carry out functions. Directs such assessments to be imposed on sector participants in the receiving sector or the importing sector or both as approved in the council charter. Directs the Secretary of Commerce to assist each council in the determination and implementation of such assessments.

Requires Department of Commerce employees to maintain the confidentiality of all books and records opened to them by each council. Provides fines and penalties for any individual violating such confidentiality.

Allows any person subjected to an assessment to petition the Secretary of Commerce for a review and ruling on the validity of such assessment.

Outlines administrative procedures for the voluntary termination of a council.

Gives the district courts of the United States jurisdiction to enforce any order or regulation made or issued under this Act. Refers civil actions brought under this Act to the Attorney General, unless the Secretary of Commerce believes administrative action is adequate.

Provides civil penalties for any person violating any provision of any order or regulation issued by the Administrator under this Act. Outlines procedures for review of any such penalties levied upon an individual.

Authorizes the Administrator to make any necessary investigations to carry out the provisions of this Act. Provides the Secretary of Commerce with other administrative powers. Allows the Administrator to obtain enforcement of such powers with the aid of any U.S. court. Requires the Secretary of Commerce to submit a report to the Congress

Title III: *Interjurisdictional Fisheries — Interjurisdictional Fisheries Act of 1986* — Directs the Secretary of Commerce to apportion funds for interjurisdictional fisheries research projects among the States in a ratio based on fishery resources volume and value as determined by the Secretary. Assures a guaranteed apportionment to those States which: (1) are a signatory to an interstate fishery compact; or (2) border on one or more of the Great Lakes.

Allows States to submit proposals for projects to be evaluated by the Secretary before determining the funds to be obligated to such States. Prohibits the Federal share of the cost of any project from exceeding 75 percent, unless the State has adopted the interstate fishery management plan for the resource involved, or the fishery regulations consistent with the Federal fishery management plan for the species involved, in which case the Federal share shall not exceed 90 percent. Requires prompt notification to States by the Secretary of project approval or disapproval.

Requires the Secretary to prescribe regulations to assure that the performance of all project work is in accordance with applicable Federal and State laws. Vests title to all project property in the State.

Requires the Secretary, beginning not later than 90 days after FY 1988 and biennially thereafter, to submit a report to the appropriate congressional committees concerning project assessments and expenditures of funds.

Authorizes appropriations for FY 1987 through 1988 to carry out the purposes of this Act. Authorizes appropriations for FY 1987 through 1989 for the use of specified interstate commissions to develop interstate fishery management plans for interjurisdictional fishery resources.

Repeals the Commercial Fisheries Research and Development Act of 1964.

Title IV: *Miscellaneous Provisions* — Extends through FY 1989 the authorizations of appropriations for programs under the (1) National Oceanic and Atmospheric Administration Marine Fisheries Program Authorization Act; and (2) Anadromous Fish Conservation Act. Extends through FY 1988 the authorizations of appropriations for programs under the Central, Western, and South Pacific Fisheries Development Act. Extends through FY 1989 the authorizations of appropriations for programs under the Atlantic Tunas Convention Act.

Amends the Great Lakes Fishery Act of 1956 to increase from three to four the authorized number of members representing the United States on the Great Lakes Fishery Commission (the Commission).

Directs the Administrator of NOAA to establish within NOAA an Estuarine Programs Office. Outlines the functions of such Office, including: (1) the development of a national estuarine strategy; and (2) the coordination of estuarine activities of NOAA with Federal and State agencies. Authorizes appropriations for such use for FY 1987 through FY 1990.

Amends Federal law relating to the organization of the Department of Commerce to establish the following two positions, both of whom to be appointed by the President by and with the advice and consent of the Senate: (1) Under Secretary of Commerce for Oceans and Atmosphere (to serve as the Administrator of NOAA); and (2) Assistant Secretary of Commerce for Oceans and Atmosphere (to serve as Deputy Administrator of NOAA). Establishes in NOAA the position of Chief Scientist of NOAA, appointed by the President by and with the advice and consent of the Senate, to act as the principal scientific advisor to the administrator of NOAA.

Transfers from the Secretary of Commerce to the Secretary of State the authority to provide reimbursement to commercial fishermen for certain seized property.

Amends the Fish and Wildlife Act of 1956 to provide that money accruing to the fisheries loan fund created under such Act shall, after FY 1986, accrue to the general fund of the U.S. Treasury.

Revises provisions concerning a certain land conveyance agreement entered into between the Coast Guard and Koniag, Incorporated.

Amends the Marine Mammal Protection Act to allow U.S. citizens to hunt for specified species of depleted fish if the Secretary of the National Oceanic and Atmospheric Administration determines that such hunting will not have an unmitigable adverse impact. Amends the Endangered Species Act with respect to a specified statement by the Secretary of the Interior relating to endangered species.
